Minutes of Meeting

B.O.S. for B.Tech. Automobile Engineering

Date: 13/06/2016		Meeting No: 01	
Start Time: 11.00 AM		End Time: 01:00 PM	
Total Time: 2 Hours			
Presented by: Prof. Nikhil Chotai			
Agenda – 1		Review of vision and mission of Automobile Engineering Department	
Discussion and Resolution	<ul style="list-style-type: none"> ● Discussion on draft/revision of department Vision and Mission ● Based on feedback received from the different stakeholders, a draft statement of Vision and mission is created in alignment with University's Vision and Mission Statement. ● The final draft is presented in the meeting and approved with minor modifications by all members of the BOS – Appendix 1. 		
Agenda – 2		Review of PO and PSO of Automobile Engineering Department	
Discussion and Resolution	<ul style="list-style-type: none"> ● Discussion on draft/revision of Programme Specific Outcome (PSO) ● Based on feedback received from the different stakeholders, a draft is created of PSO in alignment with the Department's and university's Vision and Mission Statement. ● The final draft is presented in the meeting and approved with minor modifications by all members of the BOS - Appendix 2. ● Targeted PO and POS attainment for batch 2016-2020 is 60 %. 		
Agenda – 3		Review of Choice Based Credit System (CBCS) structure of Automobile Engineering Department	
Discussion and Resolution	<ul style="list-style-type: none"> ● The candidate shall obtain a minimum of 160 credits for the degree of B.Tech. Automobile Engineering as defined by the AICTE and approved by the Academic Council of Marwadi University. ● A draft is created with Core Courses, Elective courses and ability enhancement courses to meet CBCS - Appendix 3. ● A final draft is presented in the meeting and approval is taken with modification from all the members of BOS. 		
Agenda – 4		Review of Syllabus contents to align CO	

Discussion and Resolution	<ul style="list-style-type: none"> ● The syllabus for Semesters 1 & 2 is drafted is created which includes a Basic Science Course, Engineering Science Courses and Humanities and Social Sciences & Management Courses. ● Targeted PO and POS attainment for 1st and 2nd semester is 55 %. ● A final draft is presented in the meeting and approval is taken with modification from all the members of BOS.
Agenda – 5	Feedback from Members of Board of Studies
Discussion and Resolution	<ul style="list-style-type: none"> ● Contents hours of students should be ideally 25-30 hours per week. ● The 1st year course should be common for all branches. ● The percentage of continuous evaluation and end-semester exams should either be 60:40 or 50:50 for theory and practical. ● Reduce theory content hours and increase practical content hours. ● For every tutorial 1 content hour, and 1 credit weightage is to be given. ● Extra courses imparting life skills should be added in the upcoming semester (Value added course).

Appendix 1

Approved Vision and Mission

The vision statement of the department

- To educate young pupils to face global challenges empowering them with skills and attributes required for a career in automobile and related sectors.

The mission statement of the department

1. Delivering quality education accepted globally to the graduates and enhances students' skills through the classroom, laboratory and other means of teaching and learning methods.
2. To create awareness of current technologies and upgrade students' knowledge by conducting regular industrial visits, training on the latest technology and encouraging technical events.
3. To make the graduates understand their social responsibility as automobile engineers, the impact of their work on society and encourage ethical values.
4. To promote innovative ideas and utilize modern equipment & tools to encourage research.
5. To motivate and prepare the graduates for higher education and competitive exams by conducting seminars, tests and mock interviews.

Appendix 2

Approved PO & PSO

Program Outcomes

- PO-1. Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- PO-2. Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- PO-3. Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- PO-4. Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- PO-5. Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- PO-6. The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- PO-7. Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- PO-8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- PO-9. Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- PO-10. Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- PO-11. Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- PO-12. Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Program Specific Outcomes (PSO)

- PSO-1. Students will have knowledge and skills in core automobile and allied engineering subjects, to identify, analyse, design and develop automobile systems, meeting the needs of society.
- PSO-2. Students will have the ability to operate, maintain and troubleshoot automobile sub-components and assembly.
- PSO-3. Students will have the ability to use IT and computer knowledge for improving the performance of automobile systems. Ability to do research in fuel economy, alternate fuels and hybrid vehicle.

Minutes of Meeting
B.O.S. for B.Tech. Automobile Engineering

Date: 28/08/2017		Meeting No: 02	
Start Time: 10.00 AM		End Time: 12:30 PM	
Total Time: 2.30 Hours			
Presented by: Prof. Nikhil Chotai			
Agenda – 1			
Consideration of confirmation of minutes of the previous meeting held on 13/06/2016.			
Resolution	<ul style="list-style-type: none"> Minutes of the previous meeting held on 13/06/2016 are considered and More focus is given to the practical in line of a better understanding of the theory Pure practical subjects like Manufacturing Process -I (MP-I) and Manufacturing Process -II (MP-II) are taught in the workshop to enhance the student hands-on practice. 		
Agenda – 2			
Review of Syllabus contents proposed for 3rd and 4th Semester			
Resolution	<ul style="list-style-type: none"> Curriculum structure of automobile engineering must align with mechanical engineering The syllabus of semesters 3 & 4 is drafted created with reference to model curriculum of AICTE which includes General Basic science course - Numerical analysis Humanities and Social Sciences & Management Courses - Professional ethics. As well as Engineering core courses such as Fundamental of machine design, Kinematics of machine, MP-1, Engineering thermodynamics, MDID, MSM. The final draft is presented in the meeting and approved with minor modifications by all members of the BOS. 		
Agenda – 3			
Feedback from students, faculties and employers			
Resolution	<ol style="list-style-type: none"> Students <ul style="list-style-type: none"> Suggested adding CAD software- Already implemented in the course (01ME0401) Suggested project-based learning – Planned to cover in the upcoming semester Faculty <ul style="list-style-type: none"> Practical-oriented subject taught in laboratories – MP-I and MP-II Subject fully covered in the workshop. Employer 		

	<ul style="list-style-type: none">○ Suggested to add advanced programming language – Under Consideration <p>Based on over all Teacher, Industrial and student feedback following courses are also included in curriculum</p> <ul style="list-style-type: none">● Project based course - Human centric design approach, Design thinking and problem-solving skill
Agenda – 4	Review on Value added course
	<ul style="list-style-type: none">● As per previous BOS members feedback value added courses improve students' confidence and professionalism and external skills
Agenda – 5	Review of Course outcome attainment
	<ul style="list-style-type: none">● The Course Outcome Attainment for the previous year was slightly less than the target set, Since University is in its nascent stage and students are not converge with the evaluation system. Therefore, out of all CO, 60% were attained as per the target.● Reasons could be first time courses implementation; efforts will be made to improve the attainment.● The next attainment target is 55%.
Agenda – 6	Feedback from Members of Board of Studies
Resolution	<ul style="list-style-type: none">● Design Engineering course (6 Credit) must be added to the curriculum as it is going to be mandatory by UGC in coming future.● The topic of hybrid electric vehicle must be blended with subject content of Automobile engine if possible in future to keep the subject in line with the latest trends in industry.● It is advised to swap ET & FM in 3rd and 4th Semester.

Minutes of Meeting
B.O.S. for B.Tech. Automobile Engineering

Date: 29/05/2018		Meeting No: 03	
Start Time: 10:00 AM		End Time: 01:00 PM	
		Total Time: 3:00 Hours	
Presented by		Prof. Nikhil Chotai	
Agenda – 1			
Review of Curriculum structure and Course outcome of Automobile Engineering			
Resolution	<ul style="list-style-type: none"> ● Syllabus and CO for 3rd year subjects are discussed with BOS committee and approval was taken from the committee (Annexure – 1) ● The BOS committee suggested changing a few topics in Fluid mechanics and Manufacturing process- I subject. ● Based on discussion with BOS committee with reference to model curriculum of difference University courses, core and elective subject are included in the 3rd year curriculum. ● Based on student feedback, Project based course - Reverse engineering and Design engineering is added. ● From the feedback received from the industry such as Tata Motors and Automotive Service canters Professional elective courses - Alternative Fuels and Power Systems, Automobile Refrigeration & Air conditioning, etc. are designed in curriculum. 		
Agenda – 2			
Review and Revision of syllabus			
Resolution	<ul style="list-style-type: none"> ● The syllabus of Semester 5 and Semester 6 was discussed and approved by BOS committee. ● Fundamental of machine design is added in 3rd Sem and Mechanics of solid subject is removed. ● Mathematics-I and mathematics-II are replaced by Differential and Integral Calculus and Matrix algebra and vector calculus ● Courses added Design Thinking and Problem-Solving Skills and Huan Centric Design Approach in 3rd and 4th semester. 		
Agenda – 3			
Addition of Value-added course in curriculum for skill development and increase the employability			
Resolution	<ul style="list-style-type: none"> ● Based on feedback received with various stakeholder to improve the industry-oriented skill and employability of students, value added course such as MUJCAL, Electric, ECU based vehicle testing and Pneumatic: Hands-on course is proposed and approved for 3rd and 4th semester students. 		

Agenda – 4	Industry interaction
Resolution	<ul style="list-style-type: none"> • Various industry person and experts from various fields are invited to give expert talk which helps the study to do interaction with industry person and get the knowledge of latest process and technology used in industry and standard practice followed in various industry
Agenda - 5	Review of Course outcome attainment
	<ul style="list-style-type: none"> • The CO attainment is lower than expected. Reasons could be first time courses implementation; student not familiar to exam patent. • The next attainment target is 55%.
Agenda – 6	Any special points/ advise by members of Board of Studies
Resolution	<ul style="list-style-type: none"> • The BOS committee suggested introducing a minor group. • It was suggested to have a minor in the field of Electric vehicle, Vehicle chasses and body design and Thermal Engineering.

Date: 27/05/2019		Meeting No: 04	
Start Time: 10:00 AM		End Time: 01:00 AM	
		Total Time: 3:00 Hours	
Presented by		Prof. Nikhil Chotal	
Agenda – 1			
To finalize curriculum structure of B.Tech Automobile engineering			
Resolution	<ul style="list-style-type: none"> Syllabus and CO for 4th year subjects are discussed with BOS committee and approval was taken from the committee (Annexure – 1) Experts suggested including automobile diagnoses and electric vehicle to be included in the curriculum. Based on discussion with BOS committee and with reference to model curriculum of AICTE and with model curriculum of various university, following courses are designed in the 4th year curriculum Project based course - Project-I and II Professional elective courses related to design, manufacturing and testing. 		
Agenda – 2			
Review of CO attainment			
Resolution	<ul style="list-style-type: none"> The attainment is improved as compared to previous year. More efforts will be done to improve result further. The next attainment target is 55%. 		
Agenda – 3			
Proposed Attainment for CO, PO and PSO			
Resolution	<ul style="list-style-type: none"> It was decided by BOS member that overall attainment of CO, PO and PSO should be at least 55% 		
Agenda – 4			
Introduction of course for skill development and employability			
Resolution	<ul style="list-style-type: none"> Value added course related to Computerise manufacturing are added as per the suggestion and feedback of student and employer. 		
Agenda – 5			
Feedback of Teacher, student and professional bodies			
Resolution	<ul style="list-style-type: none"> Feedback received from students, teachers and various professional bodies such as ASME, SAE discussion was made to host the state/national/international level event to provide a platform where they can innovate, compete, interact with various professional organizations as well as industry. 		
Agenda – 6			
Any special points/ advise by members of Board of Studies			
Resolution	<ul style="list-style-type: none"> Experts suggested to include specific subject related link of NPTEL course. 		

	<ul style="list-style-type: none">• Expert suggested to include hands on practice on vehicle diagnoses and fault finding by innovative teaching learning method -peer learning• Expert suggested to increase weightage of marks for project-1 and project-2 in semester-7 and semester-8

Agenda – 1			
Review of Mechanical Engineering Department for Academic Year 2020-21			
Resolution	<ul style="list-style-type: none"> The Theory classes and lab with demonstration of experiments online were conducted during the last one year because of the pandemic. The teaching & learning process in online mode during the pandemic was appreciated. 		
Agenda – 2			
Teaching Scheme of Semester-I & Semester-II as per new UGC/AICTE Guidelines			
Resolution	<ul style="list-style-type: none"> Course credits for engineering courses need to be revised to 160 credits as per the guidelines provided by UGC/AICTE. Semester - I and Semester - II teaching schemes are redesigned as per revised AICTE guidelines. Teaching hours for students can be kept around 27 hours per week. Subjects with end semester exams should not be more than 5 per semester. The contact hours for laboratory sessions can be increased to make students proficient for industry. Revision in syllabus of 01ME1101 - Elements of Mechanical Engineering, 01ME1102 Engineering Graphics and 01ME1104 - Mechanical Workshop is approved. NCC is introduced with a teaching scheme of 1 hour theory and 2 hours laboratory for 2 credit courses in Semester - I and Semester - II. The student who opts for NCC will be given exemption from below mentioned courses. <ul style="list-style-type: none"> Value Education - Semester - I Indian Constitution - Semester - I Physical Education/Sports/Yoga - Semester - I Professional Ethics – Semester - II 		
Agenda - 3			
Proposed Attainment for CO, PO and PSO			
Resolution	<ul style="list-style-type: none"> The course outcome attainment achieved 79 % as compared to target of 50 % for 1st and 2nd semester. The course outcome attainment achieved 87 % as compared to target of 50 % for 3rd and 4th semester. 		

	<ul style="list-style-type: none">• The course outcome attainment achieved 100 % as compared to target of 50 % for 5th and 6th semester.• The course outcome attainment achieved 100 % as compared to target of 50 % for 7th and 8th semester.• The attainment is improved and achieved in all semesters. The next attainment target is 60%.
Agenda – 4	Introducing Creativity, Problem Solving and Innovation as a University Elective Subject
Resolution	<ul style="list-style-type: none">• Creativity, Problem Solving and Innovation subject is to be offered in 4th, 6th or 8th semester where interested students can choose as university elective course for 2 credits.
Agenda – 5	Introduction of Indian Constitution Subject
Resolution	<ul style="list-style-type: none">• Indian Constitution subject is introduced with a teaching scheme of 1 hour theory as mandatory course as per AICTE guidelines
Agenda – 6	Feedback from Members of Board of Studies
Resolution	<ul style="list-style-type: none">• Introducing NCC / NSS as a subject in the curriculum is appreciated.• The students can have flexibility to earn more credits during the semester based on the subjects offered.• Experts suggested to make it mandatory for all students to visit and prepare report of 15 industries of various fields of Mechanical Engineering before completion of his/her graduation.

MINUTES OF THE MEETING

Board of Studies meeting for B. Pharmacy

Meeting No.: 06

Date: December 20, 2021, Saturday **Time:** 12:00 to 13:00 **Venue:** Online through Google Meet
Video call link: <https://meet.google.com/ohw-ksvr-zme>

The meeting of the Board of Studies (BoS) for the Faculty of Pharmacy, Marwadi University was held on December 20, 2021, from 12:00 PM onwards through online mode.

Item no.	Agenda	Description/ Conclusion
6BoS1	Review of last BoS meeting MoM.	Dr. Lalji Baldaniya, Principal, Faculty of Pharmacy, Marwadi University, presided over the meeting and welcomed all the distinguished members of BoS. Minutes of meetings of the fifth BoS were accepted and unanimously passed by members without any comments or suggestions. Enclosure-1
6BoS2	Review and discuss the syllabus of B. Pharm. Semester-8.	After referring syllabus and guidelines prescribed by the Pharmacy Council of India (PCI), New Delhi for the implementation of the B. Pharm. syllabus, all members agreed to follow the syllabus pattern for B. Pharm as per PCI rules and syllabus of B. Pharm. course regulations 2014. Enclosure-2
6BoS3	Review and discuss the criteria for opting for program electives.	The members deliberated on the following criteria for opting for program electives (Enclosure-3): 1. A program elective can be offered if a minimum of 25% of the students of sanctioned intake (not on enrolled students) opted for a particular elective subject. 2. An institute can offer up to 2 program elective subjects per class.
6BoS4	Discuss the guidelines of minor research projects during semester-8.	The members deliberated on the guidelines of minor research projects and found it appropriate and approved it without any change. Enclosure-4
6BoS5	Any other agenda with the permission of the chairperson.	The chairperson read out the extract of a decision made during the meeting, then forwarded it and recommended it to be put up in the academic council meeting for approval.

The meeting was concluded with a vote of thanks to all the members present.

- Hospital training (Hospital having minimum 10-bed facilities)*
- Training in a Drug store/ CHC/ PHC*
- Training in a R & D organization/ CRO/ Manufacturing organization/ QA & QC Laboratory/ Public testing laboratory/ Drug regulatory body*
- Successfully pass MOOCs course equivalent to 6 credits through SWAYAM Platform*
- Detailed literature review on any technical topic (At least 50 references should be included in the report to be submitted)

At the end of the practice school, every student shall submit a printed report (in triplicate) on the practice school he/she attended (about 25 pages). Along with the exams of semester VII, the report submitted by the student, knowledge and skills acquired by the student through practice school shall be evaluated by the subject experts at the college level and grade point shall be awarded.

*Certificate of training should be incorporated in the report.

FACULTY OF PHARMACY
Open elective subject | Syllabus

Subject name: Pharma Marketing Management

Subject code:

Scope: The pharmaceutical industry not only needs highly qualified researchers, chemists and technical people but also requires skilled managers who can take the industry forward by managing and taking the complex decisions which are imperative for the growth of the industry. The knowledge and know-how of marketing management groom the people for taking a challenging role in sales and product management.

Objective: The course aims to provide an understanding of marketing concepts and techniques related to their applications in the pharmaceutical industry.

10 Hours

Marketing: Definition, general concepts and scope of marketing; Distinction between marketing & selling; Marketing environment; Industry and competitive analysis; Analyzing consumer buying behaviour; industrial buying behaviour. Pharmaceutical market: Quantitative and qualitative aspects; size and composition of the market; demographic descriptions and socio-psychological characteristics of the consumer; market segmentation & targeting. Consumer profile; Motivation and prescribing habits of the physician; patients' choice of physician and retail pharmacist. Analyzing the Market; Role of market research.

Unit-2

10 Hours

Promotion: Methods, determinants of the promotional mix, promotional budget; An overview of personal selling, advertising, direct mail, journals, sampling, retailing, medical exhibition, public relations, online promotional techniques for OTC Products.

Unit-3

10 Hours

Pharmaceutical marketing channels: Designing channel, channel members, selecting the appropriate channel, conflict in channels, physical distribution management: Strategic importance, tasks in physical distribution management. Professional sales representative (PSR): Duties of PSR, the purpose of detailing, selection and training, supervising, norms for customer calls, motivating, evaluating, compensation and future prospects of the PSR.

Subject name: **Computer-Aided Drug Design**
 Subject code:

Scope: This subject is designed to provide detailed knowledge of the rational drug design process and various techniques used in it.

Objective: Upon completion of the course the student shall be able to

1. Design and discovery of lead molecules
2. The role of drug design in the drug discovery process
3. The concept of QSAR and docking
4. Various strategies to develop new drug-like molecules
5. The design of new drug molecules using molecular modelling software.

Unit-1

10 Hours

Introduction to drug discovery and development: Stages of drug discovery and development Lead discovery and Analog Based Drug Design Rational approaches to lead discovery based on traditional medicine, Random screening, Non-random screening, serendipitous drug discovery, lead discovery based on drug metabolism, lead discovery based on clinical observation. Analog Based Drug Design: Bioisosterism, Classification, Bioisosteric replacement. Any three case studies

Unit-2

10 Hours

Quantitative Structure-Activity Relationship (QSAR): SAR versus QSAR, History and development of QSAR; Types of physicochemical parameters, experimental and theoretical approaches for the determination of physicochemical parameters such as Partition coefficient, Hammett's substituent constant and Taft's steric constant. Hansch analysis, Free Wilson analysis, 3D-QSAR approaches like COMFA and COMSIA.

Unit-3

10 Hours

Molecular modeling and virtual screening techniques: Drug likeness screening, Concept of pharmacophore mapping and pharmacophore-based screening. Molecular docking: Rigid docking, flexible docking, manual docking, docking based screening. De novo drug design.

4. ITEM NO. 4

To prepare a panel of examiners for B. Pharm.

5. ITEM NO. 5

Any other item with the permission of the chairperson

Dr. Vipul Patel, Principal, Faculty of Pharmacy & Chairperson of the meeting, welcome the members and introduced them.

1. Item No.1 Approval of minutes of 1st BOS meeting

Minutes of meetings of the first BOS were accepted and unanimously passed by members without any comments or suggestions.

2. Item No.2 To discuss and approve the syllabus of B. Pharm. & recommend to Academic Council, Marwadi University

After referring syllabus and guidelines prescribed by Pharmacy Council of India (PCI), New Delhi for the implementation of B.Pharm syllabus, all members agreed to follow the syllabus pattern for B. Pharm as per PCI rules and syllabus B. Pharm course framed under regulations of 6, 7 & 8 B.Pharm course regulations 2014 with a shifting of two subjects i.e. Biochemistry & Pathophysiology from B.Pharm SEM-II to SEM-III and introducing Pharmaceutical Engineering subject from B.Pharm SEM-III To SEM-II. The decision of shifting subjects was in the view of the distribution of academic workload and student learning.

3. Item No.3 To discuss and approve examination pattern for a course of B. Pharm.

The credit system, examination pattern and passing criteria were fully adopted as per guidelines by the Pharmacy Council of India.

4. Item No. 4 To prepare examiners of a panel for B.Pharm.

All members together have prepared a list of examiners of a panel according to subjects.

There being no other matter, the meeting was concluded with a vote of thanks by the chairperson

Minutes of Meeting

Date: 14/07/2016		Meeting No: 01	
Start Time: 11:00 AM	End Time: 12:30 PM	Total Time: 1.5 Hours	
Presented by		Prof. Jay B. Teraiya	
Agenda – 1 Review of Vision & Mission of Computer Engineering Department			
Discussion & Resolution	<ul style="list-style-type: none"> The department established the vision and mission through a consultative process involving the stakeholders considering the scope for growth of the department and future societal requirements keeping in view with the vision and mission of the university. The department aims to empower the skills required in the industry to benefit the society. The department aims to prepare students for their higher studies and research to contribute to the advanced technological needs of computer engineering. Encourage faculty to update their knowledge and teaching-learning process through continuous learning by doing inter-disciplinary research and support the industry. Vision & Mission of Computer Engineering Department attached in Annexure - I. 		
Agenda – 2 Review of Program Outcome (PO) for B. Tech Computer Engineering			
Discussion & Resolution	<ul style="list-style-type: none"> The PO of the program are defined by considering Graduate Attributes defined by NBA through Washington accord signed by India in 2014. Computer engineering department describe that graduate are expected to understand the engineering principle to manage project in multidisciplinary environment and life-long learning. 		
Agenda – 3 Review of Program Specific Outcome (PSO) of Computer Engineering Department			
Discussion & Resolution	<ul style="list-style-type: none"> The department is committed to provide quality education in Computer Engineering to students to build their career and do quality research and thus contribute to the field of IT Industries which reflects in the PSO. PO and PSO of Computer Engineering Department attached in Annexure - II. 		
Agenda – 4 Review of curriculum structure of Computer Engineering UG Program			
Discussion & Resolution	<ul style="list-style-type: none"> Contact hours for students should ideally be 25 to 30 hours per week. 1st year course should be common for all soft branches of engineering. Credit to be considered based on the following <ol style="list-style-type: none"> 1. Lecture 1 hour = 1 credit 		

	<p>2. Lab / Tutorial 2 hours = 1 credit</p> <ul style="list-style-type: none"> • For every tutorial / practical 1 contact hour, 0.5 credit weightage to be given. • Courses like Computer Programming and Computer Workshop emphasises on skill development. • Courses adding values to the skill of the students can be incorporated. • Teaching scheme of 1st year course attached in Annexure - III.
Agenda – 5	Review of syllabus contents proposed
Discussion & Resolution	<ul style="list-style-type: none"> • Percentage for continuous evaluation and end semester evaluation should either be 60:40 or 50:50 for theory and practical subject. • Passing criteria for theory and laboratory should be fixed separately and total marks/ overall result of the subject to be considered for passing. • Courses like computer programming and engineering graphics are providing more practical contact hour then theory hours are appreciable. • Course outcome as mentioned in the detailed syllabus are clearly resembling the PO of the Computer Engineering program. • More MOOC based value-added courses should be added to curriculum for better industry skill and more exposure of technical skill.
Agenda – 6	Discussion on Program Outcome and Course Outcome attainment
Discussion & Resolution	<ul style="list-style-type: none"> • Attainment level of Program Outcomes for the batch admitting in the A.Y. 2016-17 are discussed and details for the same are attached in the Annexure – IV. • Attainment level of Course Outcomes for the courses of first year for the A.Y. 2016-17 are discussed and details for the same are attached in the Annexure - IV.

Attainment of Program Outcomes:

- The attainment level of Program Outcomes for the batch admitting in the year 2016-17 is set to 60% based on the discussion with the committee members.
- It will be kept same for the subsequent batches admitting till the review of attainment levels for the first batch is carried out.

Attainment of Course Outcomes:

Attainment levels of Course Outcomes for the category of courses is set at the following levels based on the suggestions by committee members:

Section – B	Agenda for discussion
Agenda – 1	Review of curriculum structure of 2nd & 3rd year B. Tech. Computer Engineering Program
Discussion & Resolution	<ul style="list-style-type: none"> • 2nd & 3rd year courses are branch specific and as needed for core fundamentals of branch. • Department elective are offered in higher semester so that students can choose based on their interest. List of elective subjects are mentioned in teaching scheme. • Professional Ethics course is added in curriculum for professional development of student's lifelong learning. • Teaching scheme of 2nd & 3rd year are attached in Annexure I. • More value-added course adds in curriculum for better industry skill and technical learning.
Agenda – 2	Review of syllabus contents proposed
Discussion & Resolution	<ul style="list-style-type: none"> • Courses having focusing on employability, entrepreneurship and skill development is well defined. List of courses are attached in Annexure I). • Lab based learning should be adapted for subjects like OODP for better clarification and understanding of concepts. • Mini project should be introduced for 2nd year students to get used to with object-oriented languages and teamwork.
Agenda – 3	Introduction of Value-added courses in curriculum
Discussion & Resolution	<ul style="list-style-type: none"> • Value added course integrated with Oracle Academy and Cisco Networking Academy. • Value added courses focusing on Database Management System and Computer Network are added in • Oracle: Database Design and Programming with SQL • CCNA Routing and Switching: Introduction to Networks • CCNA: Switching, Routing, and Wireless Essentials • CCNA: Enterprise Networking, Security, and Automation • CCNA: Introduction to Networks
Agenda – 4	Revision in syllabus of Engineering Mathematics -I, Engineering Mathematics -II & Statistical and Numerical Methods.
Discussion & Resolution	<ul style="list-style-type: none"> • Course names need revision. • Content revision is required based on feedback of stockholders. Annexure II – Feedback.

Agenda – 5	Discussion and approval of M. Tech. in Computer Engineering – Cyber Security, Teaching scheme and detailed syllabus of Sem-I & Sem-II.
Discussion & Resolution	<ul style="list-style-type: none"> • M.Tech. program should be offered as computer engineering with minor/major in cyber security. • New Program M. Tech in Computer Engineering – Cyber security is introduced in this Academic year. • Teaching schemes for M. Tech Computer Engineering – cyber security is proposed & detailed syllabus of 1st and 2nd semester are designed. Teaching scheme of 1st & 2nd semester are attached in Annexure III. • Departmental electives are given in all semesters to provide flexibility in the curriculum. • PO and PSO of M. Tech Computer Engineering – Cyber Security Department attached in Annexure IV.
Agenda – 6	Discussion on course outcome attainment
Discussion & Resolution	<ul style="list-style-type: none"> • Attainment level achieved by the department has been discussed and revision of attainment level has been suggested by committee member. • Detail information on Course Outcome is attached in Annexure - V.
Agenda – 7	Any special points/advises by members of board of studies
Discussion & Resolution	<ul style="list-style-type: none"> • Faculty and students must use textbooks and reference books from reputed publication house. • Need to put efforts on soft skills of students so they will be ready to face industry challenges as well. • Good Practice of value-added courses in curriculum with collaboration industries. • More value-added courses add to curriculum for final year students' benefit in placement and higher studies.

Program Outcomes (PO) & Program Specific Outcomes (PSO) of M. Tech – Computer Engineering – Cyber Security

PO1	Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
PO2	Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
PO3	Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO6	The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PO7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
PO8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
PO9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PO11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.
PSO1	Students shall demonstrate Research skills, the knowledge and competence in the analysis, design and development of computer-based systems addressing industrial and social issues.
PSO2	Students shall have competence to take research challenges associated with future technological issues associated with security, wearable devices, augmented reality, Internet of Anything etc.

Section – B	Discussion Points
Agenda – 1	Review of curriculum structure of 4th year B.Tech. Computer Engineering Program
Discussion & Resolution	<ul style="list-style-type: none"> • Subject distribution is according to categories like UC, UE, IE, PC and PE. Subjects' groups are based on programs where they will learn same set of subjects but in different semesters. • Department electives are offered in final year so that students can choose based on their interest. List of elective subjects are mentioned in teaching scheme. • For 8th semester, students must have freedom to go for industry project or technical learning within campus. • Teaching scheme of 7th & 8th semesters are attached in Annexure I.
Agenda – 2	Review and Revision of syllabus contents proposed
Discussion & Resolution	<ul style="list-style-type: none"> • Programming subjects are evaluated based on projects. Same will be applicable for other subjects. Subjects must be taught and evaluated based on active learning. • Design thinking and problem-solving and Human centric design approach courses are added in semester III and semester IV respectively to have experience on problem solving skill and project-based learning.
Agenda – 3	Inclusion of state of art topics and contents suitable to the current and futuristic learning and development paradigms for the graduates.
Discussion & Resolution	<ul style="list-style-type: none"> • One or two courses should be taught through independent study during program. (Learning to learn) self-learning platforms like SWAYAM must be encouraged. • Learning and Development department would be offering Special purpose training and Special interest group programs designed for the overall development of the student. • In place of Career Readiness Program, course of Value Education is introduced.
Agenda – 4	Discussion on Value Added Course
Discussion & Resolution	<ul style="list-style-type: none"> • Value added course integrated with Amazon Web Services and Cisco Networking Academy. • Value added courses focusing on Cloud Computing and Mobile Computing. • Get Connected • Mobility Fundamentals • Packet Tracer 103 • AWS: AWS Academy Cloud Foundation

Agenda – 5	Discussion and approval of M. Tech. in Computer Engineering – Cyber Security, Teaching scheme and detailed syllabus of Sem-III & Sem-IV
Discussion & Resolution	<ul style="list-style-type: none">• Teaching schemes for M. Attainment of Course Outcomes:

Attainment levels of Course Outcomes for the category of courses is set at the following levels based on the suggestions by committee members:

1) B.Tech. – Computer Engineering

Course Category	Target level of Attainment for the Course Outcome
Program Core	57
Program Elective Course	62
General Courses - University Core (GN-UC)	50
General Courses - University Elective (GN-UE)	50
Basic Science Courses - University Core (BS-UC)	50
Engineering Science Courses - University Core (ES-UC)	50

2) M.Tech. – Computer Engineering – Cyber Security

Course Category	Target level of Attainment for the Course Outcome
Program Core	55
Program Elective Course	60
General Courses - University Core (GN-UC)	50
General Courses - University Elective (GN-UE)	50
Basic Science Courses - University Core (BS-UC)	50
Engineering Science Courses - University Core (ES-UC)	50

Start Time: 09:00 AM		End Time: 10:30 AM	
		Total Time: 1.5 Hours	
Presented by		Dr. Amit Lathigara	
Section - A		Action taken on previous BoS meeting	
Agenda No.		Agenda	
1		Review of curriculum structure of 4 th year B.Tech. Computer Engineering Program	
Action Taken		No further action is required.	
2		Review and Revision of syllabus contents proposed	
Action Taken		No further action is required.	
3		Inclusion of state of art topics and contents suitable to the current and futuristic learning and development paradigms for the graduates.	
Action Taken		No further action is required.	
4		Discussion on Value Added Course	
Action Taken		No further action is required.	
5		Discussion and approval of M. Tech. in Computer Engineering – Cyber Security, Teaching scheme and detailed syllabus of Sem-III & Sem-IV	
Action Taken		No further action is required.	
6		Discussion on course outcome attainment	
Action Taken		Course attainment target for all the courses is set as per discussion in previous meeting.	

Section – B	Discussion Points
Agenda – 1	Review of curriculum structure of computer Engineering UG Program
Discussion & Resolution	<ul style="list-style-type: none">Syllabus scrutiny against Course Outcomes and their significance to Bloom's Taxonomy Levels. Few modifications will be done in COs according to which it will be mapped with Bloom's Taxonomy.
Agenda – 2	Review of syllabus contents proposed
Discussion & Resolution	<ul style="list-style-type: none">Subject names and subject codes have to be aligned based on their elective groups. Elective groups are already fine-tuned as per the suggestion.Content of 01CE1302 and 01CE1303 are revised.There is need of revised in credit of Major Project - I of 7th semester as only 1 credit allocated to subject.
Agenda – 3	Suggestions or: making the curriculum inclined toward industrial integration
Discussion & Resolution	<ul style="list-style-type: none">Program electives should be offered in such way that student can choose his/her specialization from domains like development, security, data science, IOT etc.In final semester, students must have freedom to go for industry project or technical learning within campus.
Agenda – 4	Discussion on course outcome attainment
Discussion & Resolution	<ul style="list-style-type: none">Attainment level achieved by the department has been discussed and revision of attainment level has been suggested by committee member.Detail information on Course Outcome is attached in Annexure - I.
Agenda – 5	Any special points/advises by members of board of studies
Discussion & Resolution	<ul style="list-style-type: none">Higher levels of bloom's taxonomy should be targeted in the subjects of higher semesters.

Section – B	Discussion Points
Agenda – 1	Review of curriculum structure of computer Engineering UG Program
Discussion & Resolution	<ul style="list-style-type: none">• Contact hours for students should ideally be 26 to 30 hours per week.
Agenda – 2	Review of syllabus contents proposed
Discussion & Resolution	<ul style="list-style-type: none">• Syllabus scrutiny against course outcomes and their significance to bloom's taxonomy levels.• Separate credits should be allocated for MOOC course enrolment. It is encouraged for each student to enrol in either Udemy, Udacity, Coursera, etc. to earn this credit.
Agenda – 3	Inclusion of state of art topics and contents suitable to the current and futuristic learning and development paradigms for the graduates
Discussion & Resolution	<ul style="list-style-type: none">• Programming subject shall be evaluated based on mini projects. Subject must be taught using active learning.• Innovative learning techniques and online tools should be used by the faculties since the covid-19 pandemic has created online teaching / learning environment.
Agenda – 4	Discussion on Value-Added Course
Discussion & Resolution	<ul style="list-style-type: none">• Value added course integrated with Coursera.• Value added courses focusing on Design and Analysis of Algorithm.• Coursera: Algorithmic Toolbox
Agenda – 5	Discussion on course outcome attainment
Discussion & Resolution	<ul style="list-style-type: none">• Attainment level achieved by the department has been discussed and revision of attainment level has been suggested by committee member.• Detail information on Course Outcome is attached in Annexure - III.
Agenda – 6	Discussion and approval of M. Tech. in Computer Engineering, Teaching scheme and detailed syllabus of Sem-I & Sem-II.
Discussion & Resolution	<ul style="list-style-type: none">• New Program M. Tech in Computer Engineering is introduced in this Academic year.• Teaching schemes for M. Tech Computer Engineering is proposed & detailed syllabus of 1st and 2nd semester are designed and attached in Annexure - I.• Departmental electives are given in all semesters to provide flexibility in the curriculum.

	<ul style="list-style-type: none">• Content revision is required in CLSP & MFCS Subjects based on feedback of stockholders. Annexure II – Feedback.

Section – B	Discussion Points
Agenda – 1	Review of Computer Engineering Department for Academic Year 2020-21
Discussion & Resolution	<ul style="list-style-type: none"> The laboratory conduction in the field of computer engineering was quite easy compared to other branches during pandemic time. The teaching & learning process in online mode during the pandemic was appreciated.
Agenda – 2	Teaching Scheme of Semester - I & Semester - II as per new UGC/AICTE Guidelines
Discussion & Resolution	<ul style="list-style-type: none"> Course credits for engineering courses need to be revised to 160 credits as per the guidelines provided by UGC/AICTE. Semester – I and Semester – II teaching schemes are redesigned as per revised AICTE guidelines. Teaching hours for students can be kept around 23 hours per week. Subjects with end semester exams should not be more than 5 per semester. The contact hours for laboratory sessions can be increased to make student proficient for industry. Revision in syllabus of 01CE0102 - Computer Workshop and 01CE0101 - Computer Programming is approved. 01CE1303 - Object Oriented Design and Programming is offered in 2nd Semester from A.Y. 2021-22 NCC is introduced with teaching scheme of 1 hour theory and 2 hours laboratory for 2 credit courses in Semester – I and Semester – II. Teaching scheme of 1st & 2nd semester are attached in Annexure I.
Agenda – 3	Introducing Creativity, Problem Solving and Innovation
Discussion & Resolution	<ul style="list-style-type: none"> Creativity, Problem Solving and Innovation subject is to be offered in 4th semester.
Agenda – 4	Discussion on Value Added Course
Discussion & Resolution	<ul style="list-style-type: none"> Value added course integrated with Microsoft and Coursera. Value added courses focusing on Operating System and Web Technology. Coursera: Linux Server Management and Security Coursera: HTML, CSS, and JavaScript for Web Developers Microsoft: Introduction to Java Programming Microsoft: Software Development Fundamentals Microsoft: Microsoft Azure AI Fundamentals Microsoft: Windows Server Administration Fundamentals Microsoft: Introduction to Programming using HTML and CSS

Agenda – 5	Discussion and approval of M. Tech. in Computer Engineering, Teaching scheme and detailed syllabus of Sem-III & Sem-IV.
Discussion & Resolution	<ul style="list-style-type: none">• Teaching schemes for M. Tech Computer Engineering is proposed & detailed syllabus of 3rd and 4th semester are designed.• For the 3rd Semester, students are allowed to go for Industry project / Technical Learning / Internship within Campus.• Teaching scheme of 3rd & 4th semester are attached in Annexure II.
Agenda – 6	Discussion on course outcome attainment
Discussion & Resolution	<ul style="list-style-type: none">• Attainment level achieved by the department has been discussed and revision of attainment level has been suggested by committee member.• Detail information on Course Outcome is attached in Annexure - III.
Agenda – 7	Feedback from Members of Board of Studies
Discussion & Resolution	<ul style="list-style-type: none">• Introducing NCC / NSS as subject in curriculum is appreciated.• The students can have flexibility to earn more credits during the semester based on the subjects offered.• It was suggested to manage subjects with maximum 4 credits taking syllabus of the subjects in consideration.• Shifting of 01CE1303 - Object Oriented Design and Programming from Semester – 3 to Semester – 2 was recommendable.

Minutes of Meeting

B.O.S. for B.Tech. Mechanical Engineering

Date: 13/05/2016		Meeting No: 01	
Start Time: 11:00 AM		End Time: 01:00 PM	
		Total Time: 2 Hours	
Presented by		Dr. Pinank A Patel	
Agenda – 1			
Review of Vision and Mission, PSO, PEO			
Resolution	<ul style="list-style-type: none"> Based on the feedback received from the different stakeholders like industrial experts, subject experts from other institute and with reference to AICTE model curriculum and syllabus of renowned universities such as IIT madras, VIT Vellore, SRM-Chennai a draft is created and a few revisions are made to the statements of Vision and Mission in alignment with the university's Vision and Mission statements. (Annexure-1) Based on feedback received from different stakeholders a draft was created for PSO and PEO and the same was presented among the BOS committee. Based on minor corrections given by the BOS committee PSO and PEO were finalized. (Annexure-2) 		
Agenda - 2			
Review of Curriculum structure and Course outcome of Mechanical Engineering for UG program			
Resolution	<ul style="list-style-type: none"> Syllabus and CO for 1st year subjects are discussed with BOS committee and approval was taken from the committee (Annexure-3) The CBCS scheme for the entire program has been discussed and approved by the BOS committee. Contact hours for students should ideally be 25 to 30 hours per week. 1st Year course should be common for all branches of engineering. Percentage of continuous evaluation and end semester evaluation should either be 60:40 or 50:50 for theory and practical subjects. Passing criterion for theory and laboratory should ideally be 3:2:1 hours should be allowed for End semester, mid semester and internal evaluation examination. Based on discussion with BOS committee and with reference to model curriculum of AICTE following courses are included in the 1st year curriculum General Basic science courses such as - Physics, Basic environmental studies, Differential integral and calculus. Engineering science course such as - Elements of Mechanical, civil engineering, computer programming, Engineering graphics, and Mechanical workshop. Humanities and Social Sciences & Management Courses such as Value education, Reading Writing/Speaking Skills, professional ethics. 		
Agenda - 3			
Proposed Attainment for Course Outcome			
Resolution	<ul style="list-style-type: none"> It was decided by BOS members that CO target attainment for this year's student is set to 55% .i.e. 50% of students will achieve more than 55% marks. 		

Agenda – 4	Review of the teaching scheme
Resolution	<ul style="list-style-type: none"> Based on discussion with BOS committee ,with reference to model curriculum of AICTE and Reputed universities such as IIT-Madras, VIT-Vellore Engineering core courses such as Fluid mechanics, Kinematics of machine, Fundamental of machine design, Manufacturing process-1 & 2, Material science and metallurgy, are proposed in the 3rd year curriculum Provide tutorials of 1 hours in the courses Mechanics of Solids, Maths-III, Kinematics of Machines, Thermal, Material Science, Fluid mechanics, of sem-III and sem-IV.
Agenda – 5	Inclusion of state of art topics and contents suitable to the current and futuristic learning and development paradigms for the graduates.
Resolution	<ul style="list-style-type: none"> Reduce theory contact hours and increase practical contact hours for computer programing and engineering graphics, provide tutorials for the Elements of Electrical & Electronics, Elements of Civil engineering subjects. The Learning and Development department would be offering SPT and SIG programs designed for the overall development of the student.
Agenda – 6	Suggestion on making the curriculum inclined towards industrial integration.
Resolution	<ul style="list-style-type: none"> Workshop is essential in all branches, (Workshop-I and Workshop-II) or increase hours of contact in case there is a single course on Workshop Workshop should be performance based instead of demonstration. For every tutorial 1 contact hour, 1 credit weightage to be given. Allow to earn credits early and permit final year projects in industries.
Agenda – 7	Feedback from Members of Board of Studies
Resolution	<ul style="list-style-type: none"> Viva can be replaced by quiz, performance evaluation, and surprise test.

B.O.S. for B.Tech. Mechanical Engineering

Date: 28/05/2017		Meeting No: 02	
Start Time: 10:00 AM		End Time: 12:30 PM	
		Total Time: 2:30 Hours	
Presented by		Prof. Ramesh Bhoraniya	
Agenda – 1			
Agenda – 1		Review of Curriculum structure and Course outcome of Mechanical Engineering for UG program	
Resolution		<ul style="list-style-type: none"> ● Syllabus and CO for 2nd year subjects are discussed with BOS committee and approval was taken from the committee (Annexure-1) ● Based on discussion with BOS committee and with reference to model curriculum of AICTE and reputed universities such as IIT Madras, VIT Vellore, SRM-Chennai following courses are included in the 2nd year curriculum ● General Basic science course - Numerical analysis ● Humanities and Social Sciences & Management Courses - Professional ethics ● Based on discussion with BOS committee and with reference to model curriculum of following courses are included in the 2nd year curriculum ● Engineering core courses such as Fundamental of machine design, Kinematics of machine, MP-1, Engineering thermodynamics, MDID, MSM ● Based on Teacher, Industrial and student feedback following courses are included in curriculum ● Project based Design engineering courses (6 credits) such as Human centric design approach, Design thinking and problem solving skill must be added to the curriculum as it is going to be mandatory by UGC in the coming future. ● Based on feedback received with various industries such as Bosch Rexroth, Jyoti CNC Automation Ltd. and with reference to report of FICCI (The Federation of Indian Chambers of Commerce & Industry), CII (The Confederation of Indian Industry) Professional Elective courses such as Advance Manufacturing processes, Computer Aided Process Management, Design for Manufacturing, Computer Integrated Mfg., IOT for Manufacturing, Pneumatic and Hydraulic control are discussed and approved for 3rd and 4th year students. ● The topics of hybrid electric vehicles may be blended with subject content of IC Engine & Automobiles if possible in future to keep the subject in line with latest trends in industries. ● Solid modelling: software should be introduced in the earlier semester (may be as a non-credit subject) before student studies CAD in semester 6. 	
Agenda – 2			
Agenda – 2		Review and Revision of Teaching Scheme	
Resolution		<ul style="list-style-type: none"> ● It is advised to swap ET & FM in 3rd and 4th semester. 	

	<ul style="list-style-type: none"> Based on industrial feedback New subject Professional ethics is added to understand the organizational behaviour in industry. Project based subject Human centric design approach is added to sem-4. Course of Value Education is introduced
Agenda - 3	Proposed Attainment for Course Outcome
Resolution	<ul style="list-style-type: none"> The CO attainment for the previous year was slightly less than the target set. Since university is in its nascent stage and students are not converse with the evaluation system, only few students were able to achieve more than 60% marks. CO attainment not completely achieved in subjects such as Fluid mathematics, Mechanics of solids and Engineering Mathematics-II. To improve the attainment percentages extra sessions and more tutorials are added in these subjects. It was decided by BOS member that the same target of 55% CO attainment is set for the 2017-18 academic year students.
Agenda – 4	Feedback from Students, Teachers and Employers – participation of students in various Technical event
Resolution	<ul style="list-style-type: none"> Students are encouraged to participate in various events such as SAE-BAJA, Go-cart, ASME- HPVC and Funding also provided for the same
Agenda – 5	Addition of Value added course in curriculum for skill development and increase the employability
Resolution	<ul style="list-style-type: none"> Based on Feedback received from students and industries to practice brainstorming, critical thinking, application of scientific principle in the early stage of Design of product, a Design integrated course by Avesha introduced for odd semester students.
Agenda – 6	Feedback from Members of Board of Studies
Resolution	<ul style="list-style-type: none"> Internship (45 days) should be made mandatory for students in final year. It may not be a continuous duration

Date: 29/05/2018		Meeting No: 03	
Start Time: 10:00 AM		End Time: 01:00 PM	
		Total Time: 3:00 Hours	
Presented by		Prof. Ramesh Bhoraniya and Dr. Nikunj Rachchh	
Agenda – 1			
Review of Curriculum structure and Course outcome of Mechanical Engineering for UG program			
Resolution		<ul style="list-style-type: none"> ● Syllabus and CO for 3rd year subjects are discussed with BOS committee and approval was taken from the committee (Annexure-1) ● The BOS committee suggested changing a few topics in Fluid mechanics and Manufacturing process- I subject. ● Based on discussion with BOS committee with reference to model curriculum of IIT-Madras, SRM-Chennai, following courses are included in the 3rd year curriculum ● Engineering core courses such as Fluid power engineering, MD-I & II, Heat and mass transfer, Dynamics of Machine-1 ● Project based course - Reverse engineering, Design engineering and project management, ● Based on student feedback of students, an Operational research course is added to the curriculum. ● From the feedback received from the industry cluster of Rajkot MSME Professional elective courses - Design of manufacturing, Computer graphics, Advance Manufacturing process, etc. are added in curriculum ● BOS committee has suggested conducting expert talks, which helps the students to do interaction with industry persons and get the knowledge of the latest process and technology used in industry and know the standard practice followed in various industries. 	
Agenda – 2			
Review and Revision of Teaching scheme			
Resolution		<ul style="list-style-type: none"> ● The syllabus of Semester 5 and Semester 6 was discussed and approved by BOS committee ● Fundamentals of machine design is added in 3rd sem and Mechanics of solid subject is removed. 	
Agenda - 3			
Proposed Attainment for Course Outcome			
Resolution		<ul style="list-style-type: none"> ● The target for CO attainment was set to 55% and same was achieved for B.tech Mechanical Engineering. ● It was decided by BOS members that revised target of 57% for CO attainment is set for 2018-19 academic year students. 	

Agenda – 4	Review of Vision and Mission, PSO, PEO for Mechanical Engineering PG program
Resolution	<ul style="list-style-type: none"> ● Based on the feedback received from the different stakeholders, a draft is created and a few revisions are made to the statements of Vision and Mission in alignment with the university's Vision and Mission statements. (Annexure-2) ● Based on feedback received from different stakeholders a draft was created for PO, PSO and PEO and the same was presented among the BOS committee. Based on minor corrections given by the BOS committee following PSO and PEO were finalized. (Annexure-3)
Agenda – 5	Review of Curriculum structure and Course outcome of Mechanical Engineering for PG program
Resolution	<ul style="list-style-type: none"> ● Syllabus and CO for 1st year subjects are discussed with BOS committee and approval was taken from the committee (Annexure-3) ● Contact hours for students should ideally be 25 to 30 hours per week. ● Percentage of continuous evaluation and end semester evaluation should either be 60:40 or 50:50 for theory and practical subjects. ● Passing criterion for theory and laboratory should ideally be 3:2:1 hours should be allowed for End semester, mid semester and internal evaluation examination. ● Based on discussion with the BOS committee and with reference to the model curriculum of AICTE following courses are included in the 1st year curriculum. ● Courses based on advanced core subjects -Advanced Machine Design, Computer Aided Design, Computer Aided Manufacturing, Computer Aided Production Management, Finite Element Analysis, Optimization Techniques ● Courses based on Research Methodology ● Courses based on Critical thinking - Computational Methods in Mechanical Engineering ● Program elective- I- Advanced Material Processing Techniques, Design for Manufacturing and Assembly, Advanced Stress Analysis ● Program Elective- II- Oil Hydraulics and Pneumatics; Noise and Vibration, Multibody dynamics ● Based on discussion with the BOS committee and with reference to the model curriculum of reputed universities such as IIT-Madras, SRM-Chennai, VIT-vellore etc. Engineering core courses such Advanced Machine Design, Computer Aided Design, Finite Element Analysis, Computer Aided Manufacturing etc.
Agenda – 6	Addition of Value added course in curriculum for skill development and increase the employability
Resolution	<ul style="list-style-type: none"> ● Based on feedback received from various MSME industries and with reference to report of industrial organization such as FICCI, CII to improve the industry oriented

	<p>skill and employability of students, value added course such as CNC/VMC, CAD club, Automation are proposed and approved for 3rd and 4th year students.</p> <ul style="list-style-type: none"> ● Following Two value aided courses are recommended for PG students of CAD/CAM in 1st and 2nd semester ● Numerical Methods using MATLAB & Robotics and AI
Agenda – 7	Review of syllabus contents proposed.
Resolution	<ul style="list-style-type: none"> ● Provide tutorials of 2 hours in the courses Research Methodology, Computational methods for PG program of Mechanical Engg. for 1st year
Agenda – 8	Inclusion of state of art topics and contents suitable to the current and futuristic learning and development paradigms for the postgraduates.
Resolution	<ul style="list-style-type: none"> ● Program Elective will offer in each semester to give inclination towards their interest.
Agenda – 9	Suggestion on making the curriculum inclined towards industrial integration
Resolution	<ul style="list-style-type: none"> ● For every tutorial 1 contact hour, 1 credit weightage to be given. ● Allow to earn credits early and permit Dissertation work in industries.
Agenda – 10	Any special points/ advise by members of Board of Studies
Resolution	<ul style="list-style-type: none"> ● The BOS committee suggested introducing a minor group. ● It was suggested to have a minor in the field of Smart manufacturing, Mechanical Engineering Design, Automation and Thermal Engineering in B.Tech. ● Viva to be replaced by quiz, performance evaluation, and surprise test

B.O.S. for B.Tech. Mechanical Engineering

Date: 29/05/2019		Meeting No: 04	
Start Time: 10:01 AM		End Time: 01:00 AM	
		Total Time: 3:00 Hours	
Presented by		Dr. Sarang Pande and Dr. R. M. Bhoraniya	
Agenda – 1			
To finalize curriculum structure of B.Tech Mechanical UG Program			
Resolution	<ul style="list-style-type: none"> Syllabus and CO for 4th year subjects are discussed with BOS committee and approval was taken from the committee (Annexure-1) Experts suggested including polarized ray diagrams and measurement of stresses to be covered as practical in the subject of fundamental machine design. Expert suggested to include the IS standard for design of mechanical components Based on discussion with BOS committee and with reference to model curriculum of AICTE and with model curriculum of IIT-Madras, SRM-Chennai, following courses are included in the 4th year curriculum Project based course - Project-I and II Engineering core courses such as Finite element method, Rapid casting-1 & 2, Production technology Professional elective courses - Computer aided process management, Renewable energy engineering, Data mining and analysis, CFD, AI, Robotics, etc. 		
Agenda – 2			
Review of Curriculum structure and Course outcome of Mechanical Engineering for PG program			
Resolution	<ul style="list-style-type: none"> Syllabus and CO for 2nd year subjects are discussed with BOS committee and approval was taken from the committee. (Annexure-2) Based on discussion with BOS committee and with reference to model curriculum of AICTE and with model curriculum of IIT-Madras, SRM-Chennai, following courses are included in the 2nd year curriculum Rapid prototyping and Tooling. IoT for Manufacturing, Seminar in each semester. Dissertation Phase-I and Dissertation Phase-II Based on feedback received with various industries such as Bosch Automation, Jyoti CNC, Macpower and with reference to report of FICCI (The Federation of Indian Chambers of Commerce & Industry), CII (The Confederation of Indian Industry) Elective courses such as Robotics Engineering, Mechanics and Manufacturing of Composites, Rapid prototyping and Tooling, IoT for Manufacturing, Pressure Vessel and Piping Design, Micro and Nano Manufacturing. 		
Agenda – 3			
Review and Revision of syllabus			
Resolution	<ul style="list-style-type: none"> Experts from various MSME sectors suggested the topic of recent manufacturing methods in subject of advanced manufacturing processes. 		

	<ul style="list-style-type: none"> Expert suggested to increase weightage of marks for project-1 and project-2 in semester-7 and semester-8
Agenda - 4	Proposed Attainment for Course Outcome
Resolution	<ul style="list-style-type: none"> The target for CO attainment was set to 57% and the same was achieved . It was decided by BOS members that a revised target of 59% for CO attainment is set for 2019-20 academic year students.
Agenda – 5	Introduction of course for skill development and employability
Resolution	<ul style="list-style-type: none"> Based on Industry survey, to promote on industry academic interaction and to improve employability a skill improvement program has been started with the industry tie up-under which Rapid casting-1 and Rapid casting-2 subjects are approved for 4th year students. In which student will learn following four different modules of manufacturing industries - (1) Rapid methodology in metal casting (2) Rapid Tooling in metal casting (3) Inspection and Quality control (4) Automation and Simulation
Agenda – 6	Addition of Seminar in curriculum to spread awareness about latest technologies/new research/Innovation
Resolution	<ul style="list-style-type: none"> Based on Feedback received from students, industries and Research organizations to start the dissertation phase, student should rigorously go through the literature for one semester and present the report in seminar in M.Tech program.
Agenda – 7	Feedback of Teacher, student and professional bodies
Resolution	<ul style="list-style-type: none"> Feedback received from students, teachers and various professional bodies such as ASME, SAE discussion was made to host the state/national/international level event to provide a platform where they can innovate, compete, interact with various professional organizations as well as industry.
Agenda – 8	Any special points/ advise by members of Board of Studies
Resolution	<ul style="list-style-type: none"> Experts suggested to encourage students to use the online open learning platform I such as swayam, where students can learn basic and advanced NPTEL courses. Expert suggested to include case study for the subject of FEA, Data mining and analysis, Artificial intelligence Dissertation phase- I and II should have equal weightages in both semesters of M.Tech program

**Minutes of Meeting
B.O.S. for B.Tech. Mechanical Engineering**

Date: May - 2020		Meeting No: 05 (online mode)	
Start Time: 02:00 PM		End Time: 04:00 PM	
Presented by		Dr. Nikunj Rachchh	
Agenda – 1		Review of Curriculum structure and Course outcome of Mechanical Engineering for UG & PG program	
Resolution	<ul style="list-style-type: none"> As per the expert's suggestion, changes are made in the syllabus of B.Tech and M.tech mechanical engineering as per guideline of AICTE. Based on the feedback received from the different stakeholders, a draft is created and a few revisions are made to the to the M.tech curriculum. 		
Agenda – 2		Review and Revision of syllabus of UG	
Resolution	<ul style="list-style-type: none"> Experts suggested to include basic concepts of Data mining and analysis The Experts suggested to remove civil engineering drawing detail study in the subject of engineering drawing and engineering graphics. Review of contents of metacentric height analysis, elementary theory of notch and vertex flow analysis in Fluid mechanics subject 		
Agenda – 3		Review and Revision of syllabus of PG	
Resolution	<ul style="list-style-type: none"> Courses based on advanced core subjects – Advanced Thermodynamics and Heat transfer, Advanced Fluid Mechanics, Experimental Techniques and Instrumentation In Thermal Engineering, Computational Fluid Dynamics, Solar Energy Engineering, Design and Optimization of the Thermal Systems are included in program. Courses based on Research Methodology and based on Critical thinking i.e. Computational Method for Mechanical Engineers are included in teaching scheme Based on discussion with BOS committee and with reference to model curriculum of reputed universities such as IIT-Madras, SRM-Chennai, VIT-Vellore etc. Engineering core courses such Advanced Thermodynamics and Heat transfer, Advanced Fluid Mechanics Energy Conservation & Management, Combustion Engineering, Advanced Refrigeration Engineering etc. are also included Program Elective will offer in each semester (annexure-1) Provide tutorials of 2 hours in the courses Research Methodology, Computational methods for Mechanical Eng. for 1st year. 		
Agenda - 4		Proposed Attainment for Course Outcome	
Resolution	<ul style="list-style-type: none"> The target for CO attainment was set to 59% and the same was achieved. It was decided by BOS members that a revised target of 60% for CO attainment is set for 2020-21 academic year students. 		

Agenda – 5	Suggestion on making the curriculum inclined towards industrial integration.
Resolution	<ul style="list-style-type: none">• For every tutorial 1 contact hour, 1 credit weightage to be given.• Allow to earn credits early and permit Dissertation work in industries.
Agenda - 6	Proposed Value Aided Courses for M.Tech
Resolution	<ul style="list-style-type: none">• It was decided by BOS member that value aided courses will be offered for M.tech Students. Two courses proposed in meeting are Smart Manufacturing and Hands on Practice – Open foam.
Agenda – 7	Implementation of MOOC course
Resolution	<ul style="list-style-type: none">• University has purchased bulk licenses of coursera courses, so under MILAP (Marwadi Integrated Learning & Analysis Programme) scheme free coursera courses are offered to students for improvement of their skill and knowledge.
Agenda – 8	Any special points/ advise by members of Board of Studies
Resolution	<ul style="list-style-type: none">• Ethical practices and Plagiarism norms recommended by UGC/AICTE for the dissertation should be follow properly in M.tech program.

B.O.S. for B.Tech. Mechanical Engineering**

Date: 19/06/2021		Meeting No: 06 (online mode)	
Start Time: 11:00 AM	End Time: 12:00 PM	Total Time: 1 Hours	
Presented by		Dr. Pinank A Patel	
Agenda – 1	Review of Mechanical Engineering Department for Academic Year 2020-21		
Resolution	<ul style="list-style-type: none"> ● The Theory classes and lab with demonstration of experiments online were conducted during the last one year because of the pandemic. ● The teaching & learning process in online mode during the pandemic was appreciated. 		
Agenda – 2	Teaching Scheme of Semester-I & Semester-II as per new UGC/AICTE Guidelines		
Resolution	<ul style="list-style-type: none"> ● Course credits for engineering courses need to be revised to 160 credits as per the guidelines provided by UGC/AICTE. To comply with this following revisions are approved by the BOS committee. ● Semester - I and Semester - II teaching schemes are redesigned as per revised AICTE guidelines. ● Teaching hours for students can be kept around 27 hours per week. ● Subjects with end semester exams should not be more than 5 per semester. ● The contact hours for laboratory sessions can be increased to make students proficient for industry. ● Revision in syllabus of 01ME1101 - Elements of Mechanical Engineering, Resolution 01ME1102 Engineering Graphics and 01ME1104 - Mechanical Workshop is approved. ● NCC is introduced with a teaching scheme of 1 hour theory and 2 hours laboratory for 2 credit courses in Semester - I and Semester - II. ● The student who opts for NCC will be given exemption from below mentioned courses. <ul style="list-style-type: none"> ○ Value Education - Semester - I ○ Indian Constitution - Semester - I ○ Physical Education/Sports/Yoga - Semester - I ○ Professional Ethics – Semester - II 		
Agenda - 3	Teaching Scheme of Semester-I & Semester-II as per new UGC/AICTE Guidelines for M.Tech program		
Resolution	<ul style="list-style-type: none"> ● Course credits for engineering courses need to be revised to 66 credits as per the guidelines provided by UGC/AICTE. ● Semester - I and Semester - II teaching schemes are redesigned as per revised AICTE guidelines. (Annexure-1) ● Teaching hours for students can be kept around 20 to 22 hours per week. ● Subjects with end semester exams should not be more than 5 per semester. 		

	<ul style="list-style-type: none">• Revision in various subject syllabus carried out.
Agenda – 4	Review of syllabus for PG program
Resolution	<ul style="list-style-type: none">• Research Methodology & IPR is introduced in 2nd sem• In line with the guidelines of UGC/AICTE Audit course is proposed in Semester - I and Semester – II• Following courses are discussed and proposed for the semester 01AU9001- English for Technical writings; 01AU9002- Value Education; 01AU9003- Constitution of India, 01AU9004- Stress Management by Yoga, 01AU9005- Sanskrit for Technical Knowledge.• As per new scheme 1 open elective offer in PG degree program• Student have flexibility to take their subjects of interest for enhance the knowledge. Any one open elective during their entire PG course.
Agenda - 3	Proposed Attainment for Course Outcome
Resolution	<ul style="list-style-type: none">• The target for CO attainment was set to 60% and the same was achieved.• It was decided by BOS members that a revised target of 60% for CO attainment is set for 2021-22 academic year students.
Agenda – 4	Introducing Creativity, Problem Solving and Innovation as a University Elective Subject
Resolution	<ul style="list-style-type: none">• Creativity, Problem Solving and Innovation subject is to be offered in 4th, 6th or 8th semester where interested students can choose as university elective course for 2 credits.
Agenda – 5	Introduction of Indian Constitution Subject
Resolution	<ul style="list-style-type: none">• Indian Constitution subject is introduced with a teaching scheme of 1 hour theory as mandatory course as per AICTE guidelines
Agenda – 6	Feedback from Members of Board of Studies
Resolution	<ul style="list-style-type: none">• Introducing NCC / NSS as a subject in the curriculum is appreciated.• The students can have flexibility to earn more credits during the semester based on the subjects offered.• Experts suggested to make it mandatory for all students to visit and prepare reports of 15 industries of various fields of Mechanical Engineering before completion of his/her graduation.

Meeting Minutes

MEETING TITLE	1 st Board of studies Meeting
DATE	July 23, 2019
TIME	10:00 AM onwards
LOCATION	3 rd Floor, Board Room (MC301), Main Building, MU

MEETING CONVENED BY:

Dr. Jayesh Parmar
Principal, Faculty of Physiotherapy, Marwadi University.

MEMBERS OF COMMITTEE:

Present	Dr. Jayesh Parmar (Chairman) Dr. Anjali Bhishe (External expert-1) Dr. Dinesh Sorani (External expert-2) Dr. Ashish Kakkad (External expert-3) Dr. Yagnik dave (Internal expert-1) Dr. Jigisha Chandwani (Internal expert-2)
---------	---

AGENDA:

1.	Introduction of subjects and content for First Year B. Physiotherapy.
2.	Application of Exam pattern and Promotion criteria for students.
3.	Application of teaching hours subject wise and its credits with introduction of CO
4.	Course Outcome (CO) and Program Outcome (PO) for all subjects. Any other Changes/Suggestions from members.

MINUTES OF THE MEETING:

Key Discussion points:

- The meeting started with the initial introduction of BoS committee members and brief overview about the introduction of Faculty of Physiotherapy at Marwadi University Rajkot by Dr. Jayesh Parmar.
- Year wise pattern was introduced in B. Physiotherapy as per the Gujarat state Council for Physiotherapy norms after discussion with board members.
- Subjects and credit hours with its subject content for First Year B. Physiotherapy were introduced.

- Exam pattern and Promotion criteria for students were set as per the council norms.
- Before finalization, various Council and University syllabus were reviewed by all members.
- Below mentioned subjects were included for the First Year B. Physiotherapy:
 1. Human Anatomy
 2. Human Physiology
 3. Biochemistry
 4. Psychology
 5. Sociology
 6. Exercise therapy-1 & Soft tissue mobilization
 7. Biomedical Physics
 8. Health care delivery system + professional practice & Ethics (Program Elective)
 9. English*
 10. Computer*
 11. Environmental Studies*
 12. Observational Clinical practice*(* Non-University examination subject)
- CO and PO for each subject were discussed with board members and finalized for First Year B. Physiotherapy. CO attainment was targeted to 50%.
- Any other suggestions/changes which are required by the chairman after that Dr. Dinesh Sorani suggested adding reference books and text books for individual subjects below to content in the syllabus.
- Meeting was ended by vote of thanks by Dr. Jayesh Parmar.

MEETING CONVENED BY:

Dr. Jayesh Parmar
 Principal, Faculty of Physiotherapy, Marwadi University.

MEMBERS OF COMMITTEE:

Present	Dr. Jayesh Parmar (Chairman) Dr. Anjali Bhishe (External expert-1) Dr. Dinesh Sorani (External expert-2) Dr. Ashish Kakkad (External expert-3) Dr. Yagnik dave (Internal expert-1) Dr. Gauravgiri Gosai (Internal expert-2) Dr. Radhika Pande (Internal expert-3)
---------	---

AGENDA:

1.	Approval of previous meeting's minutes.
2.	Introduction of subjects and content for Second Year B.Physiotherapy.
3.	Application of Exam pattern and Promotion criteria for students.
4.	Application of teaching hours subject wise and its credits with introduction of CO for all subjects.
5.	Approval of external clinical therapist for the feedback as a field person.
6.	Any other Changes/Suggestions from members.

MINUTES OF THE MEETING:

Key Discussion points:

- Dr Jayesh Parmar started the meeting by welcoming all BoS members and approval was taken from BoS members regarding previous minutes of meeting.
- Action was taken about addition of reference books and textbooks in syllabus for First Year and Second Year B. Physiotherapy.

- For the First and Second year B. Physiotherapy exam pattern was discussed and ideas were given about the Continuous Evaluation throughout the year for Internal Assessment as per University norms.
- All Second Year subjects with credit hours and subject content were explained by the Chairperson to all board members, some changes were introduced in the syllabus pointed out by the chairperson for approval.
- Before finalization, various University and Council syllabus were reviewed by all members.
- Below mentioned subjects were included for the Second Year B. Physiotherapy:
 1. Pathology
 2. Microbiology
 3. Pharmacology
 4. Exercise Therapy 2
 5. Kinesiology
 6. Psychiatry
 7. Electrotherapy
 8. Radiology*
 9. Ear, Nose, and Throat (ENT) *
 10. Ophthalmology*
 11. Ethics & Professional Practice & Allied Therapeutics with Evidence Based Practice (Program Elective)
(* Non-University examination subject)
- CO for each subject was discussed with board members and it was finalized for Second Year B. Physiotherapy.
- Some modifications were done in Second year Syllabus prescribed from GSCPT (Based on suggestions from BoS members):
 - 40 extra hours added in kinesiology subjects.
 - Many short forms were elaborated on topics.
 - Microbiology: The practical demonstration part was included.
 - In Pathology, Microbiology and Psychiatry total teaching hours were reduced.
 - Electrotherapy:
 - EMG (Electromyography) & NCV (Nerve conduction velocity) were restricted to outline only.

In SD curve practical: Basics only was kept in second year electrotherapy practice on patients can be done in third year suggested by Dr. Dinesh Sorani.

Based on feedback from Faculty few changes were incorporated in First Year B.Physiotherapy syllabus content:

Biomedical Physics:

Few topics like Shock, Electromagnetic waves were repeated in other subjects so they were removed and kept only in electrotherapy.

- Feedback was taken from students and faculty members regarding the first year syllabus by the chairman and related discussion done in the meeting.
- For the Clinical Therapists as a field person the feedback regarding the syllabus will be taken informed to all Board Members by chairman and for that various names suggested by Dr. Jayesh Parmar after reviewing below mentioned Physiotherapist was finalized by Board Members.

Dr. Chirag Magdani (Clinical Therapist)

Dr. Devangi Vaishnav (Clinical Therapist)

Dr. Harshal Purohit (Clinical Therapist).

- Discussion was done about practical problems in pandemic situations.
- Another point was discussed by the chairman regarding the question wise attainment and evaluation system as per the University norms. CO attainment was achieved which was 50%, it was targeted 52% for next academic year.
- Suggestions from members were that the next meeting can be kept online only as it has many benefits.
- Meeting was ended by vote of thanks by Dr. Jayesh Parmar.

Dr. Jayesh Parmar
Principal
Faculty of Physiotherapy
Marwadi University

---------	---

AGENDA:

1.	Review and approval of Previous Minutes of Meeting and feedback.
2.	Introduction of subjects and content for Third Year B. Physiotherapy.
3.	Application of Exam pattern and Promotion criteria for students.
4.	Application of teaching hours subject wise and its credits with introduction of CO for all subjects.
5	Modifications in First Year and Second Year B. Physiotherapy Syllabus.
6.	Any other Changes/Suggestions from members.
	Application of Coursera courses as a value added courses.

MINUTES OF THE MEETING:

Key Discussion points:

- Dr. Jayesh Parmar started meeting and approval was taken from all BoS members regarding previous Minutes of Meeting and discussed action taken on suggestions by members.
- Dr. Ashish Kakkad presented a draft of the syllabus of Third Year B. Physiotherapy and an overview was given about the First Year and second Year Syllabus.

- Below mentioned subjects were included for the Third Year B. Physiotherapy:
 1. General Medicine
 2. Neurology
 3. Pediatrics
 4. Surgery
 5. Obstetrics And Gynecology
 6. Physical & Functional Diagnosis
 7. Orthopedics
 8. Preventive Healthcare and Community Medicine
 9. Professional Practice & Ethics* (Program Elective)
(* Non-University examination subject)
- CO for each subject were discussed with board members.
- In First Year B. Physiotherapy Syllabus few changes were done based on Faculty feedback:

Application of resistance to develop endurance and power, SET system removed as they were included in strengthening & repeated from exercise therapy-1, another topic was added Posture outline as it is important in First Year to understand.

In Biomedical Physics few topics were removed as it was not important to understand as a Physiotherapist e.g, determination of velocity of sound in air, the vibration of the string, enthalpy, entropy etc.
- In Second Year B. Physiotherapy Syllabus few changes were done:

In Microbiology subject, in Bacteriology, Syphilis and in Mycology, Scabies were removed, but as per the current demand in Virology component Corona included as Physiotherapy perspective it is important and the role of Physiotherapy in COVID-19 is also there.

Few reference books were added in Microbiology: Essential of Medical Microbiology by Rajesh Bhatia and Essential of Medical Microbiology by Apurba Sankar as suggestions were from respective microbiology Faculty.

In Exercise therapy 2 Passive Movement was removed as it was already there in First year Exercise therapy – 1 subject. Traction was added as a separate topic as it was in the stretching component. Continuous Passive Motion topic only kept in electrotherapy was removed from exercise therapy -2 as it was common in both the subjects.

Few reference books for kinesiology and exercise therapy -2 were added as suggested by Dr. Yagnik Dave.

In Psychiatry subject importance of Physiotherapy in Psychiatric conditions (overview) was added as suggested by Dr. Rahul Chhatlani.

- Feedback was taken from students and faculty members regarding first year and second year syllabus by chairman and related discussion was done in the meeting.
- Discussion was done about practical in pandemic situations and it was decided to post a few videos to students.
- Another point was discussed by the chairman regarding the question wise attainment and evaluation system as per the University Norms.
- Some additional books were suggested by board members for reference in various subjects e.g., Laxminarayan, Susan Adler, Jagmohan Singh etc for various topics.
- Relevance regarding subjects was discussed with board members by Dr. Ashish Kakkad.
- For Coursera courses discussion was done by the chairman and by members below mentioned courses were finalized for implementation in the second year B. Physiotherapy.
 1. The Addicted Brain
 2. Positive Psychiatry and Mental Health
- Along with suggestions by the chairman that the feedback of First, Second and Third Year will be taken from field personnel from Dr. Chirag Magdani (Clinical Therapist), Dr. Devangi Vaishnav (Clinical Therapist) and Dr. Harshal Purohit (Clinical Therapist) as well as from students and faculty members and the received suggestions will be discussed in next meeting.
- Another suggestion given by the Chairman was to think on implementing the OSPE (Objective structured practical examination) method for practical examination.
- Meeting was ended by vote of thanks by Dr. Jayesh Parmar.

Meeting Minutes

MEETING TITLE	4 th Board of studies Meeting
DATE	January, 11 2022
TIME	4:30 PM onwards
LOCATION	Google Meet

MEETING CONVENED BY:

Dr. Jayesh Parmar
Principal, Faculty of Physiotherapy, Marwadi University.

MEMBERS OF COMMITTEE:

Present	Dr. Jayesh Parmar (Chairman) Mr. Naresh Jadeja (Registrar) Dr. Anjali Bhishe (External expert-1) Dr. Dinesh Sorani (External expert-2) Dr. Ashish Kakkad (Internal expert-1) Dr. Yagnik dave (Internal expert-2) Dr. Gauravgiri Gosai (Internal expert-3) Dr. Radhika Pande (Internal expert-4) Dr. Rahul Chhatlani (Internal expert-5)
---------	---

AGENDA:

1.	Approval of previous Minutes of Meeting and discussion regarding feedback.
2.	To introduce open elective course in B. Physiotherapy
3.	Course syllabus Guideline presentation
4.	Other courses offered by the University for FoPT students.
5.	Addition of topic in Psychiatry Subject Second Year B.Physiotherapy.
6.	Revision of promotional criteria.
7.	Implementation of the Relative grading system.
7.	Any other Changes/Suggestions from members.

MINUTES OF THE MEETING:

Key Discussion points:

- Dr. Jayesh Parmar started meeting and discussion was done according to the feedback of students, faculty members and from field person who are working as a clinical therapist. After reviewing feedback by chairman from students, faculty members and field personnel the syllabus and modification were finalized and

approval was taken from all BoS members regarding previous minutes of meeting.

- Dr. Ashish Kakkad presented a draft syllabus of open elective subjects and overview given about topics which were included in the syllabus and it will be offered to other department students of Marwadi University according to the new education Policy.
- Below mentioned subjects were included for the Open elective from Faculty of Physiotherapy for other department students:
 1. Basic Concept of Fitness and Health promotion
 2. Ergonomic and occupational Health
- Teaching hours and credit and exam pattern of both open elective subjects were discussed with board members by chairman.
- Feedback will be taken from students and faculty members regarding open elective subject syllabus by chairman and related discussion done in meeting.
- Along with suggestions by the chairman that the feedback of open elective subjects will be taken from field personnel, probably either from Dr. Chirag Magdani (Clinical Therapist), Dr. Devangi Vaishnav (Clinical Therapist) and Dr. Harshal Purophit (Clinical Therapist).
- In Psychiatry subject addition of topic “Addiction” suggested by Dr. Rahul Chhatlani and it was approved by members.
- Application of the relative grading system was discussed with members and approval was taken from all the members for the implementation from next academic year.
- Revision made in promotional criteria for students and it was approved by all members.
- CO attainment target of 52% was achieved and it was set to 54% for next academic year.
- Additionally Chairman introduced innovative methodology in teaching learning implemented to FoPT students such as Sports and Yoga course.
- Meeting was ended by vote of thanks by Dr. Jayesh parmar.

Minutes of Meeting

Date: 13/05/2017		Meeting No: 02	
Start Time: 10.30 AM	End Time: 02:30 PM		Total Time: 3 Hours
Presented by	Dr. Tarak Vora		
Agenda – 1	Welcome of Board of Studies Member		
Resolutions	<ul style="list-style-type: none"> Dr. Tarak Vora, Professor & Head, Civil Engineering Department welcomed all the distinguished BoS Members. BoS Member: Dr. B. J. Shah, Principal, Government Engineering College, Modasa; BoS Member: Dr. S. V. Deo, Associate Professor, NIT, Raipur; BoS Member-Industry Expert: Er. Manish Doshi, Structural Consultant, Rajkot, BoS Introduction of invited BoS Member was given by Dr. Tarak Vora to all BoS members. Internal BoS Member: Dr. Ankur Bhogayata, Associate Professor & Head; Dr. Chirag Patel, Associate Professor. All the invited members were welcomed by all BoS Members. All the faculty members present in the BoS-02 were welcomed by Dr. Tarak Vora. 		
Agenda – 2	Appointment of Member Secretary		
Resolutions	Dr. Siddharth Shah was appointed as member secretary for the BoS.		
Agenda – 3	Confirmation of Minutes of Meeting and action taken report on decisions/suggestions of the previous BoS.		
Resolutions	The minutes of previous meeting no. 01 held on 06/06/2016 were already circulated to all members. Dr. B. J. Shah and Dr. S. V. Deo accept the minutes of meeting. Since there is no major comment from any member, the chairman requested to accept the minutes.		
Agenda – 4	Review of Civil Engineering Department for Academic Year 2016-17		
Resolutions	<ul style="list-style-type: none"> Dr. Ankur Bhogayata gave a brief presentation on various activities related to academics, teaching learning methodology, student participation in technical and non-technical events, students and faculty achievements during A. Y. 2016-17. Since B. Tech Civil Engineering program had started in A.Y 2016-17 so students have pass out from first year only. In the first year, courses are common for all branches of engineering and curriculum was designed in such a way that in all subjects students can learn 		

	practical approach with number of experimentations in labs and also improve their various skills.																																	
Agenda – 5	Teaching Scheme of B. Tech. in Civil Engineering and detailed syllabus of Sem-3 & Sem-4.																																	
Resolutions	<ul style="list-style-type: none"> Semester – 3 and Semester – 4 teaching schemes and detailed syllabus are presented and approved in BoS meeting with gross agreement of all member present. Teaching and evaluation scheme for second year is courses are finalized and reported for the final approval. Course structure for third and fourth year of B. Tech Civil Engineering Program was finalized and present in BoS. The course structure in terms of credits and academic level should be mapped with learning level according Bloom’s Taxonomy for all semesters. Introduction of Software Application in Civil Engineering (I to IV) is recommended in semester 3 to 6 which will be improve software skills of students. Following subjects are introduced in semester 3 and 4. <table border="1" style="margin-left: 40px;"> <thead> <tr> <th>Semester</th> <th>Subject Code</th> <th>Subject Title</th> </tr> </thead> <tbody> <tr> <td rowspan="7" style="text-align: center;">3</td> <td>01MA0201</td> <td>Engineering Maths-III</td> </tr> <tr> <td>01CI0301</td> <td>Mechanics of Solids</td> </tr> <tr> <td>01CI0302</td> <td>Building Planning & Drawing</td> </tr> <tr> <td>01CI0303</td> <td>Surveying</td> </tr> <tr> <td>01CI0304</td> <td>Fluid Mechanics</td> </tr> <tr> <td>01CI0305</td> <td>Software Applications in Civil Engineering-I</td> </tr> <tr> <td>01CR0301</td> <td>Career Readiness Programme</td> </tr> <tr> <td rowspan="7" style="text-align: center;">4</td> <td>01VE400</td> <td>Entrepreneurship & Engineering Ethics</td> </tr> <tr> <td>01CI0401</td> <td>Civil Engineering Materials & Construction</td> </tr> <tr> <td>01CI0402</td> <td>Structural Analysis-1</td> </tr> <tr> <td>01CI0403</td> <td>Basics of Geology & Geotechnical Engineering</td> </tr> <tr> <td>01CI0404</td> <td>Advanced Surveying</td> </tr> <tr> <td>01CI0405</td> <td>Concrete Technology</td> </tr> <tr> <td>01CI0406</td> <td>Software Applications in Civil Engineering-II</td> </tr> </tbody> </table>	Semester	Subject Code	Subject Title	3	01MA0201	Engineering Maths-III	01CI0301	Mechanics of Solids	01CI0302	Building Planning & Drawing	01CI0303	Surveying	01CI0304	Fluid Mechanics	01CI0305	Software Applications in Civil Engineering-I	01CR0301	Career Readiness Programme	4	01VE400	Entrepreneurship & Engineering Ethics	01CI0401	Civil Engineering Materials & Construction	01CI0402	Structural Analysis-1	01CI0403	Basics of Geology & Geotechnical Engineering	01CI0404	Advanced Surveying	01CI0405	Concrete Technology	01CI0406	Software Applications in Civil Engineering-II

Agenda – 6	Discussion and approval of minor changes in syllabus of various courses of UG
Resolutions	<ul style="list-style-type: none"> In place of Engineering Mathematics-1 & Engineering Mathematics-II, the course of Differential and Integral Calculus (DAIC) and Matrix Algebra and Vector Calculus (MAVC) are implemented In place of Career Readiness Program, Revised course of Value Education is introduced As per the feedback received by the students in the previous academic year, more practical subjects are introduced. The revised courses, Material Testing & Evaluations (MTE), Advanced Surveying & Geomatics (AS&G), and Software Application in Civil Engineering-II (SACE-II). The subject name was suggested to be changed for Maths-3 with Applied Differential Equations (ADE). The course Entrepreneurship & Engineering Ethics is revised as Profession Ethics in 4th semester.
Agenda – 7	Discussion and approval of proposed open elective courses
Resolutions	<ul style="list-style-type: none"> Open elective subject Energy Science and Engineering is proposed in semester 6.
Agenda –8	Discussion and approval of proposed value-added courses
Resolutions	<ul style="list-style-type: none"> Learning and Development department would be offering SPT and SIG programs designed for the overall development of the student. Onsite training on Field Testing in Geotechnical Engineering to be given to students.
Agenda – 9	Discussion on feedback received from students, faculties, parents, alumni, and employers regarding the teaching-learning process in order to review and design the syllabus.
Resolutions	<ul style="list-style-type: none"> Syllabus of A.Y 2017-18 have been discussed with the stakeholders of the department including student/faculty/employee/alumni/parents and necessary inputs are collected from them for academic provision in courses.
Agenda – 10	Any other matter with the permission of the Chair.
Resolutions	<p>Couse outcomes for all the courses of 1st and 2nd year, Program outcomes and Program-specific outcome was discussed in detail.</p> <p>The following highlights were discussed/appreciated by the members.</p>

	<ul style="list-style-type: none"> • Course attainment for A.Y 2017-18 is analyzed. As a result of the analysis, in all the semesters the course attainment is more than the target attainment. • More electives based on specialization should be offered in the final year curriculum. • Field training/ Internship/ Project should be included in the final year courses.

Agenda – 7				
Discussion and approval of proposed value-added courses				
Resolutions	<ul style="list-style-type: none"> • Various STTP/ Workshop/ FDPs are planned for upcoming academic year. • SPT and SIG are planned for each semester by L&D department. • Field Testing Training is proposed for UG and PG students. • Software hands on training is proposed to BOS member at various level of students based on the application of software. • Students will participate in different technical and non-technical national events. 			
Agenda – 8				
Discussion on feedback received from the students, faculties, parents and industry experts regarding teaching learning process in order to review and design the syllabus.				
Resolutions	<ul style="list-style-type: none"> • Teaching scheme and detailed syllabus are proposed in A.Y. 2018-19 have been discussed with the stakeholders of the department including student/faculty/employee/alumni/parents and necessary inputs are collected from them for academic improvisation. 			
Agenda – 9				
Any other matter with permission of the Chair.				
Resolutions	<ul style="list-style-type: none"> • Course outcomes of final year subjects are presented with its mapping with PO and PSO. • Course attainment for A.Y 2018-19 is analyzed. As a result of analysis, the average attainment of all the courses of 2018-19 year is not attained compared to target attainment. The Course outcome which are not attained for each subjects, for that changes in methodology in teaching-learning process is suggested. • As per the suggestion of the BOS members, The subject based site visit for majority subjects should be increase.

Presented by	Dr. Tarak Vora		
Agenda – 1	Welcome of Board of Studies Member		
Resolutions	<ul style="list-style-type: none"> • Dr. Tarak Vora, Professor & Head, Civil Engineering Department welcomed all the distinguished BoS Members. BoS Member: Dr. B. J. Shah, Principal, Government Engineering College, Modasa; BoS Member: Dr. S. V. Deo, Associate Professor, NIT, Raipur; BoS Member-Industry Expert: Er. Manish Doshi, Veteran Structural Consultant, Rajkot. • Introduction of invited BoS Member was given by Dr. Tarak Vora to all BoS members. Invited BoS Member: Dr. A.K. Varma, Professor & Head, BVM Engineering College, V.V.Nagar, Dr. Yogesh Shah, Associate Professor, IITRAM, Ahmedabad • All the invited members were welcomed by all BoS Members. • All the faculty members present in the BoS-05 were welcomed by Dr. Tarak Vora. 		
Agenda – 2	Appointment of Member Secretary		
Resolutions	<ul style="list-style-type: none"> • Prof. Amit Thoriya was appointed as member secretary for the BoS. 		
Agenda – 3	Confirmation of Minutes of Meeting and action taken report on decisions/suggestions of the previous BoS.		
Resolutions	<ul style="list-style-type: none"> • The minutes of previous meeting no. 04 held on 24/05/2019 were already circulated to all members. Since there was no comment from any member, the chairman requested to accept the minutes. Dr. B. J. Shah proposed the minutes to be accepted. Dr. S. V. Deo and Dr. Yogesh Shah gave acceptance subsequently. The minutes were then accepted. 		
Agenda – 4	Review of Civil Engineering Department for Academic Year 2019-20		
Resolutions	<ul style="list-style-type: none"> • Dr. Tarak Vora gave a brief presentation on various activities related to academics, student development, faculty development, research and consultancy done by the department during A. Y. 2019-20. • The teaching & learning process adopted in online mode during the pandemic is appreciated by reviewing syllabus coverage and student feedback. 		

	<ul style="list-style-type: none"> Demonstration of experimentation in online mode in various labs is appreciated specifically. 																		
Agenda – 5	Discussion and approval of minor changes in syllabus of various courses of UG & PG.

01GT1202	Soil Dynamics & Earthquake engineering	Dynamic properties of soil and analysis of SDOF system was introduced.
01GT1206	Earth & Rockfill dams	Graphical method of earthfill dam was introduced
01GT1204	Geosynthetics and Its Application	Experimentations on Geosynthetics has been introduced.
01SL1210	Research Methodology & IPR	Research methodology and skills module is modified.
Agenda – 10	Discussion and approval of proposed open elective courses	
	<ul style="list-style-type: none"> Each department will be offering one open elective subject as per need of industry/society which can be opted by the student of other department only. 	

	<ul style="list-style-type: none"> For B.Tech Civil Engineering, As proposed in the teaching scheme, student have to opt any two such open elective subjects and have to complete within 3rd to 6th semester. Students are given choice to select any subject offered from any department from the university other than its own department. For M.Tech Civil Engineering, student have to choose 2 audit course and one open elective subjects within 1st to 4th semester. 												
Agenda – 11	Discussion and approval of proposed value-added courses												
	<ul style="list-style-type: none"> Learning and Development department would be offering SPT and SIG programs designed for the overall development of the student. Software training on ETABS to be done with collaboration with CADD Center, Rajkot to the students. Software training on Civil 3D is done with collaboration with CADD Center, Rajkot to the students. Onsite training on Field Testing in Geotechnical Engineering to be given to students. 												
Agenda – 12	Discussion and approval for inclusion of new MOOC courses proposed by the faculty.												
	<p>Two MOOC courses from COURSERA are proposed to the students of 4th and 6th semester. Syllabus of the course is mapped with the content of the MOOC course. Agenda – 13	Discussion on feedback received from students, faculties, parents, alumni and employers regarding teaching learning process in order to review and design the syllabus.
Resolutions	Teaching scheme proposed in A.Y. 2016-17 and revised Teaching Scheme to be proposed in A.Y. 2021-22 have been discussed with the stakeholders of the department including student/faculty/employee/alumni/parents and necessary inputs are collected from them for academic improvisation.
Agenda – 14	Any other matter with permission of the Chair.
	<p>CO-PO attainment was discussed in detail with expert by the chair. As a result of discussion, it is proposed to float detailed rubrics for the evaluation covering students of all the levels.</p> <p>Then, the forum was kept open for the discussion and suggestion. Following highlights were discussed/appreciated by the members.</p> <ul style="list-style-type: none"> • The teaching scheme should allow multiple entry and exit, like after third year students may get Diploma by default. • Credit transfer/exchange facility should be given. • Additional options to earn extra credit in form of honors in degree can be offered to meritorious students. • Additional option to earn minor degrees can be given to meritorious students. • Practical assignment shall be given to the students so that the gap as per industry requirement can be filled. • Introduction of NCC/NSS as a course in curriculum is appreciated.

Minutes of Meeting

Date: 28-04-2017		Meeting No: 02	
Start Time: 12:00 PM		End Time: 01:00 PM	
		Total Time: 1 Hour	
Agenda – 1	Review of curriculum structure of Information Technology UG Program.		
Resolution	<ul style="list-style-type: none"> 2nd-year courses should be branch specific and as needed for core fundamentals of the branch. 		
Agenda – 2	Review of syllabus contents proposed for new courses.		
Resolution	<ul style="list-style-type: none"> 3rd Semester and 4th Semester course content were discussed. Lab-based learning should be adapted for subjects like OODP for better clarification and understanding of concepts. Mini project should be introduced for 2nd-year students to get used to Object Oriented languages and teamwork. 		
Agenda – 3	Value-added courses like Oracle and Cisco Certification to be offered to the students.		
Resolution	<ul style="list-style-type: none"> The following certification courses are to be offered. <ol style="list-style-type: none"> Oracle: Database Design and Programming with SQL. Cisco: CCNA - Introduction to networks. 		
Agenda – 4	Courses can be introduced that focus on employability / entrepreneurship / skill development.		
Resolution	<ul style="list-style-type: none"> The following courses are to be offered. <ol style="list-style-type: none"> Reading and Writing for Technology Speaking and Presentation Skills Business Benchmark 		
Agenda – 5	Suggestions on making the curriculum inclined toward industrial integration.		
Resolution	<ul style="list-style-type: none"> Need to put effort into the soft skills of students so they will be ready to face industry challenges as well. Bloom's Taxonomy should be taken care of while designing practicals for every subject. Web Technology and .NET Technology should be in separate semesters. 		

Agenda – 6	Any special points/advice by the members of the Board of Studies.
Resolution	<ul style="list-style-type: none"> • Department electives should be offered in higher semesters instead of 5th Sem so they can choose which is interest-based. • Computer Graphics can be included while on the other hand Image processing can be offered as Department Elective in next semester. • Motivate students for Self-Learning and encourage them for Summer internships. • Faculty and students must use textbooks and reference books from reputed publication houses.

Agenda – 1			
Review of curriculum structure of Information Technology UG Program.			
Resolution		<ul style="list-style-type: none"> ● Discussion for the syllabus redesign process according to CBCS. ● Subject distribution is according to categories like UC, UE, IE, PC, and PE. Subject groups are based on programs where they will learn the same set of subjects but in different semesters. ● A category like Faculty Core has to be formed to accommodate subjects that are industry and society needs. ● University Electives will be offered in lower semesters whereas Program Electives will be offered in higher semesters. ● University Electives can be like Ethics, Positive Psychology, etc. 	
Agenda – 2			
Review of syllabus contents proposed for new courses.			
Resolution		<ul style="list-style-type: none"> ● 5th Semester and 6th Semester course content were discussed. ● Linux Administration should be included in the Information Technology Department. ● Program Electives (from higher semester) are offered in such a way students can choose their specialization from domains like Programming, Security, Data Science, IoT, etc. 	
Agenda – 3			
Revision of syllabus content.			
Resolution		<ul style="list-style-type: none"> ● The following subjects are revised based on the feedback given by the stakeholders (Industry Member and Faculty Members) <ol style="list-style-type: none"> 1. Agenda – 6	Suggestions on making the curriculum inclined toward industrial integration.
Resolution	<ul style="list-style-type: none"> Programming subjects are evaluated based on Projects. The same will be applicable to other subjects. Subjects must be taught and evaluated based on active learning. One or two courses should be taught through Independent Study during Program. (Learning-to-Learn) Self-learning platforms like SWAYAM must be encouraged. Students can take courses in other Universities or from MOOCs as well. Credit transfer for Course Certification outside the campus but relevant to Course Structure.
Agenda – 7	Any special points/advice by the members of the Board of Studies.
Resolution	<ul style="list-style-type: none"> Focus on subjects like Critical Thinking, Creative Thinking, Finance for Engineers, Law for Engineers, General and Professional Ethics, World Culture, Community Services, English Literature, etc. For the 8th Semester, students must have the freedom to go for Industry Project or Technical Learning within the campus.

Agenda – 1			
Review of Department for Academic Year 2020-21			
Resolution		<ul style="list-style-type: none"> ● The laboratory conduction in the field of Information Technology Engineering was quite easy compared to other branches. ● The teaching & learning process in online mode during the pandemic was appreciated. 	
Agenda – 2			
Teaching Scheme of Semester-I & Semester-II as per new UGC/AICTE Guidelines			
Resolution		<ul style="list-style-type: none"> ● Course credits for engineering courses need to be revised to 160 credits as per the guidelines provided by UGC/AICTE. ● Semester-I and Semester-II teaching schemes are redesigned as per revised AICTE guidelines. ● Teaching hours for students can be kept around 23 hours per week. ● Subjects with end-semester exams should not be more than 5 per semester. ● The contact hours for laboratory sessions can be increased to make students proficient in the industry. ● New Subjects 01GS0103 - Indian Constitution (Semester-I) and 01MA0104 - Linear Algebra (Semester-II) were introduced. ● Based on the feedback from stakeholders (Industry members, Faculty Members, Students, and Alumni), the 01CE0102 - Computer Workshop syllabus has been revised. ● Based on the feedback from stakeholders (Industry members, Faculty Members, Students, and Alumni), the 01CE1101 - Computer Programming syllabus has been scaled-down. ● 01CE1303 - Object Oriented Design and Programming is offered in the 2nd Semester with subject code 01CE0103 from A.Y. 2021-22. ● NCC is introduced with a teaching scheme of 1-hour theory and 2-hour laboratory for 2 credit courses in Semester-I and Semester-II. ● The student who opts for NCC will be given exemption from below mentioned courses. <ol style="list-style-type: none"> 1. Value Education (Semester-I) 2. Indian Constitution (Semester-I) 3. Physical Education/Sports/Yoga (Semester-I) 4. Professional Ethics (Semester-II) 	

Agenda – 3	Introducing Creativity, Problem Solving and Innovation as a University Elective Subject
Resolution	<ul style="list-style-type: none"> • Creativity, Problem Solving and Innovation subject is to be offered in the 4th, 6th, or 8th semester where interested students can choose as university elective course for 2 credits, that focus on skill development.
Agenda – 4	Value-added courses like Oracle and Cisco Certification to be offered to the students.
Resolution	<ul style="list-style-type: none"> • The following certification courses are to be offered. <ol style="list-style-type: none"> 1. Oracle: Database Programming with SQL. 2. Cisco: CCNA - Introduction to Network. 3. Cisco: CCNA - Switching, Routing, and Wireless Essentials. 4. Microsoft: Introduction to Java Programming 5. Microsoft: Software Development Fundamentals 6. AWS: AWS Academy Cloud Foundation 7. Coursera: Linux Server Management and Security 8. Coursera: HTML, CSS, and JavaScript for Web Developers
Agenda – 5	Feedback from Members of Board of Studies
Resolution	<ul style="list-style-type: none"> • introducing NCC / NSS as a subject in the curriculum is appreciated. • Students can have the flexibility to earn more credits during the semester based on the subjects offered. • It was suggested to manage subjects with a maximum of 4 credits taking the syllabus of the subjects in consideration. • Shifting of 01CE1303 - Object Oriented Design and Programming from Semester-3 to Semester-2 were recommendable.

Chaired by	Dr. Sarang Pande		
Agenda – 1	Welcome of Board of Studies Member		
Resolution	The Chairman BOS, Dr. Sarang Pande, welcomed all the members and experts of the BOS present in the meeting. Committee members put their innovative ideas, views, suggestions and fruitful discussion for the syllabus.		
Agenda – 2	Discussion on Vision, Mission, Program Outcomes (PO), Programs Specific Outcomes (PSO) & Course Outcomes (CO) for 1st Year PG and UG (starting from next academic year).		
Resolution	<p>The department established Mission and Vision (Annexure – II).</p> <p>As per laid out procedure for syllabus design by Marwadi University, stakeholders like Industrial experts, subject experts from other institute were consulted. Also syllabus of AICTE model curriculum, GATE syllabus and syllabus of various renowned institute/university was considered & a draft was presented in department meeting.</p> <p>Department had presented PSO & PO as prescribed by NBA and course structure for 1st year subjects of PG.</p> <p>The PO presented are in line with OBE implementation and as suggested by various accreditation agencies/councils. PO and PSO were finalized as per the attachment (Annexure III).</p>		
Agenda – 3	Discussions and Suggestions on starting new PG program in Electrical Engineering.		
Resolution	<p>Discussion carried out on introducing the new PG program in electrical engineering. Head of department suggested the first specialization of Power Electronics and Electric Drives as per the current trends in the industry and industry expert also agrees with the suggestion. Reports from FAME-I, FAME-II, Global EV outlook report 2019 were discussed and so, specialization of Electric vehicle was proposed while keeping the future trends and development and possible employment opportunities which may be created locally and globally.</p>		

Agenda – 4	To discuss and approve the overall teaching scheme of Post-Graduation Programme to be offered by Marwadi University in Electrical Engineering.
Resolution	Teaching schemes of Master of Technology Electrical Engineering with specialization “Electric Vehicle” & “Power Electronics & Electric Drive” are discussed and finalized. Alterations of few titles and credit hours are suggested and updated among syllabus.
Agenda – 5	Discussion on faculty feedback.
Resolution	As per the faculty feedback received the faculties have proposed syllabus/ change in syllabus which discussed in BOS meeting and following resolution were made. After due discussion & incorporation of suggestions from BOS members.
Agenda – 6	To discuss and approve the syllabus of Sem-1 and Sem-2 of Master of Technology (Electrical Engineering) Program.
Resolution	Syllabus of all subjects are discussed and updated. Alterations of few topics, books and elective subjects are suggested and updated among syllabus as per the feedback/comments by the industry experts.
Agenda – 7	Value Added Course, Co-Curricular, Extra Curricular activity and skill development course.
Resolution	Discussion to regularly conduct Co-Curricular, Extra Curricular activity considering the skill course, few workshops/Seminar/Trainings should be provided to improve the soft skills, software used in industries & other programs helping students to improve the employability/Skill Development/ Entrepreneurship. Marwadi University has separate vertical in the form of Learning & Development centre so their program like Special Interest Group (SIG), SPT & soft skills related program should be offered similarly. Department can offer Hardware academy, courses on PLC SCADA automation, energy audit, Renewable energy source, Latex (For report writing), Software (i.e. MATLAB) related training & Electric Vehicle (EV) etc. looking to the current & future trends in industry.
Agenda – 8	Implementation of Choice Based Credit System and non-credit courses.
Resolution	The BOS member discussed the ‘implementation of Choice Based Credit System (CBCS) and adoption of Credit and Grading system’ from the session 2019-20 for PG Program’.

Note: Meeting was scheduled physically at MB350.

Annexure – II

Department Vision: -

To contribute in improving living quality by developing responsible, technical skilled, creative and industry ready Electrical Engineers in the global context.

Department Mission: -

1. To provide pleasant learning environment, platform to strengthen the skills and expand the interest of graduates
2. To develop individual research and thinking power to understand and solve society's and industry's problems related to electrical and electronics systems.
3. To encourage and provide support to be an entrepreneur by arranging idea sharing sessions with business mentors and motivating them to discover new opportunities including becoming Energy Auditor, Energy Manager and Consulting Engineer.
4. Inculcating attitudes, values, morals and vision that will prepare students for lifetime continued learning and leadership in their chosen careers.

Annexure - III

The Program Outcomes (PO) & Program Specific Outcomes (PSO) are as follows -

PO1	Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
PO2	Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
PO3	Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO6	The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice
PO7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
PO8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
PO9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions
PO11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

The Program Specific Outcomes (PSO) for UG Program are as follows –

PSO1	Students shall have knowledge and skills in Electrical and Electronics fields so as to grasp engineering trade-offs, analyse, design, and synthesize data and technical concepts to form products and solutions for the real life problems.
PSO2	Students shall have competence to take challenges associated with future technological issues associated with green energy, energy harvesters, energy conservators, energy cells, ocean energy, smart grid, wire-less energy transmission etc.

The Program Specific Outcomes (PSO) for PG Program are as follows –

PSO1	Ability to design, develop and troubleshoot major components of electric vehicle
PSO2	Acquire skills for the design and control of power electronics-based solutions for energy efficiency in industrial and residential applications

Date: 31/10/2020		Meeting No: 02	
Start Time: 10:30 AM		End Time: 01:00 PM	
		Total Time: 02:30	
Presented by		Dr. Amit Ved	
Agenda – 1			
Welcome of Board of Studies Member			
Resolution	Dr. Amit Ved Head Electrical Engineering Department, welcomed all the members and experts of the BOS present in the meeting. Committee members put their innovative ideas, views, suggestions and fruitful discussion for the syllabus.		
Agenda – 2			
MOM of last meeting.			
Resolution	The MOM was read by Chairman (BOS), with consent from all members, the minutes of meeting was passed.		
Agenda – 3			
B. Tech. - Electrical Engineering Draft teaching scheme for sem-1 to sem-8			
Resolution	<p>All committee members agreed to scheme of B. Tech. Electrical Engineering sem-1 and sem-2 as it is and suggested no modification in the scheme. The scheme will be effective from 2020-21.</p> <p>Prof. Santoshkumar Vora suggested that the course of 01EE0403 - control system engineering should be introduced in sem-3 as it helps in study of Power Electronics and Power System at early stages. Prof. Amit Ved highlighted the importance of the course in sem-4 to which Prof. Santoshkumar Vora, Prof. Ranjan Behera and committee members agreed.</p> <p>Dr. Jignesh Makwana suggested that Electrical Machine-I has been introduced at the appropriate stage of learning. However, student should learn fundamental of Electromagnetics in details in the course Basic of Electrical Engineering (01EE0109).</p> <p>Prof. M. C. Chudasama clarified that topics of electrical machine require preliminary knowledge of electrical science to understand the principle and operation and hence no modification is required. The committee members agreed to suggestion of Prof. M. C. Chudasama.</p> <p>Prof. Ranjan Behera proposed that student should undergo industrial training – summer training after sem-6 for at least 4 weeks. The committee appreciated the feedback and will suggest such provision for students of electrical engineering.</p> <p>Mr. Vinod Patel suggested that the course of DSP based control of Power Electronics Systems (Laboratory) should be introduced in the scheme before sem-7 to which all committee members agreed.</p>		

	<p>Prof. Santoshkumar Vora suggested that (Program Elective-III) – Battery Chargers for Electric Vehicles should be combined with smart grid interface of EV (Program Elective- IV) course and proposed as a single course. A course on special machine for electric vehicles should be added in Program Elective – IV. Prof. Behera and Mr. Vinod Patel suggested that closed loop control of DC-DC converter should also be added in the course Battery Chargers for Electric Vehicles.</p> <p>Prof. Behera and Prof. Vora suggested that the course Microgrid (Program Elective – III) should be introduced in sem-8 whereas Power System Operation & Control (Program Elective – IV) should be introduced in sem-7. The committee members agreed to suggestions.</p> <p>Mr. Vinod Patel suggested that simulation-based learning should be considered important tool for teaching and learning to impart skills as well as necessary understanding to learner at various levels. All committee members agreed to suggestion of Mr. Vinod Patel.</p> <p>It was unanimously decided that separate form should be shared with all committee members to comment on the course learning outcomes. It was shared and agreed upon by all committee members that design of course learning outcomes should not be too specific to any topic.</p> <p>Prof. M. C. Chudasama, Prof. Santoshkumar Vora and Prof. Ranjan Behera emphasized the importance of theory course on Electrical Measurement and Measuring Instruments. Based on the suggestions, the course of EMMI will be introduced in sem-6 in the revised scheme whereas the course on solid state drives will be taught as Program Elective in sem-VI under the group Power Electronics.</p>
Agenda – 4	Draft Syllabus of B. Tech. sem-1 and sem-2
Resolution	<p>The committee members suggested addition of two experiments in the course Basics of Electrical Engineering(01EE0109) and Elements of Electrical Engineering(01EE0101)</p> <ol style="list-style-type: none"> 1. Verification of two wattmeter method for three phase power measurement 2. Study of energy measurement using energy meters
Agenda – 5	Draft Syllabus of B. Tech. sem-3 and sem-4
Resolution	<p>Prof. Santoshkumar Vora, Prof. Ranjan Behera and Prof M C Chudasama suggested that there should be additional topic of Permanent Magnet DC machine and special purpose transformer in the course Electrical Machine-1. Prof. Vora suggested that specific topics such as</p> <ol style="list-style-type: none"> 1. Study of different error in measurement

	<p>2. Study of current shunt and voltage divider Should be added in the course Measurement Lab.</p>
Agenda – 6	Revised draft teaching scheme for M. Tech. – Electrical Engineering in specialization of Electric and Hybrid Vehicle and Power Electronics and Electrical Drives with effect from AY 2020-21
Resolution	<p>Mr. Vinod Patel suggested that the course in DSP based control of Power Electronic Converters has little relevance in industrial application and should be replaced by relevant course. Prof. Santoshkumar Vora suggested that a course on Special Machines / Advanced Electrical Machines should replace the suggested course.</p> <p>In revised scheme, a course on Advanced Electrical Machines is introduced as mandatory course.</p> <p>All committee members agreed to remaining courses in the revised scheme.</p>
Agenda – 7	Syllabus of M. Tech. – Electrical Engineering sem-3 and sem-4 for Academic Year 2020-21
Resolution	Syllabus of M. Tech. – Electrical Engineering sem-3 and sem-4 for Academic Year 2020-21
Agenda – 8	Revised syllabus of M. Tech. – Electrical Engineering – sem-1 and sem-2
Resolution	<p>Mr. Vinod Patel, Dr. Jignesh Makwana and Prof. Ranjan Behera suggested a unit on state-space modelling and control of power electronic converter, switching function of power electronic converter in the course Power Electronic Converters (01PEED0101). The committee accepted the suggestions. The revised syllabus includes an additional unit on suggested topic.</p> <p>Mr. Vinod Patel suggested an additional unit on Resonant Converter in the course Switching Power Supplies (01PEED0103). The committee accepted the suggestion. The unit has been added in the revised syllabus.</p> <p>Prof. Ranjan Behera suggested that the course on Fundamental of Electric and Hybrid Vehicle (01EV1101) should include performance study of electric propulsion system with respect to application. The suggestion was applauded by committee and the same has been included in the revised syllabus.</p> <p>Prof Ranjan Behera suggested the inclusion of following contents in the course Battery Management Systems (01EV1201). The same has been accepted by committee members. The revised syllabus will include these contents.</p> <p>Design of battery BMS Design principles of battery BMS, Effect of distance, load, and force on battery life and BMS, energy balancing with multi-battery system</p>

	<p>The committee suggested following corrections in the course Advanced Electrical Drives (01PEED0201)</p> <ul style="list-style-type: none"> • Flux Estimation algorithms in IM • Removal of Salient Pole synchronous machine and associated control • Removal of SRM and associated control. The content should be part of course on advanced / special machine for EVs. <p>The committee suggested following correction in the course Digital Control of Power Electronic Systems (01PEED0205). The revised syllabus will include these suggestions.</p> <ul style="list-style-type: none"> • Discretization of signal and conversion from continuous time domain to discrete time domain should be included in Unit-1. • Unit-3 should be promoted to Unit-2 • Unit-2 which is advanced control technique, should be introduced after basics of control technique. The revised syllabus will include Unit-4 Digital Control Techniques.
Agenda – 9	Attainment level of course outcomes (CO's), Program Outcomes (PO's) is discussed.
Resolution	It is observed that the few CO's were not attain in previous year, the committee has suggested to take proper action for CO attainment improvement. The process of PO attainment & the PO attainment of various courses of PG were discussed and agreed by all the members.
Agenda – 10	Discussion on faculty feedback, parent's feedback and student's feedback.
Resolution	As per the faculty feedback received the faculties have proposed syllabus/ change in syllabus which discussed in BOS meeting and following resolution were made. After due discussion & incorporation of suggestions from BOS members.
Agenda – 11	Feedback from various stakeholders about curriculum.
Resolution	For improvement in teaching – Learning process, the university collecting feedback from stakeholders like parents feedback – which will be collected at the time of PTM. Alumni feedback – from alumni, during alumni meet Student exit feedback – when student will be passing out from university Employer's feedback – from employers where our students will be placed. We have conducted PTM for 2019 batch in Sem.-I and Sem.-II for PG course.
Agenda – 12	Introduction of skill related courses, courses related to improve Entrepreneurship and industrial ready course.

Resolution	<p>It was discussed that the university emphasizes on the overall development of learner. In addition to Core courses, electives courses and humanity science courses, special attention will be paid to skills courses, entrepreneurship course and course that is required by industries.</p> <p>Such courses will be offered over a span as per the requirement of students in Electrical Engineering branch.</p> <p>The committee accepted the proposal and applauded the move by the department and university.</p> <p>The syllabi of these courses are designed by Learning and Development department and recommended by the committee.</p>

Minutes of Meeting

Date: 26/02/2022		Meeting No: 03	
Start Time: 2.00 PM	End Time: 4:00 PM	Total Time: 2 Hours	
Presented by	Dr. Amit Ved		
Agenda – 1	Approval of MOM of 2nd BOS held on 26th June 2021		
Resolution	<ul style="list-style-type: none"> The MOM was read by Chairman (BOS), with consent from all members, the minutes of meeting was passed 		
Agenda – 2	Draft Syllabus of B.Tech. sem-7 and sem-8		
Resolution	<ul style="list-style-type: none"> The draft syllabus of B.Tech. sem-7 and sem-8 were discussed in the meeting. The committee suggested following changes in courses. Switchgear and Protection (01EE0703) - Increase the weightage of numerical protection as numerical relays have replaced conventional relays in majority applications Electrical Machine Design (01EE0704) - Reconsider hours of Computer Aided Design of Machines, it is not possible to cover all topics in allotted time Battery Chargers for Electric Vehicles (01EE0707) - Introduce standards of charger and protocols in syllabus e.g., OCCP – for communication Microgrid (01EE0710) - Reconsider the title or reduce the weightage of renewable sources, Control of frequency in islanded mode should be covered LVRT, Virtual Inertia concepts should be added PLL, and angle estimation should also be covered Testing and Commissioning of Electrical Equipment (01EE0802) - Non-Destructive Testing of electrical equipment should be covered as it is a core course FACTS and HVDC (01EE0806)- Reduce contents of FACTS – in depth analysis is expected in the course. It is not possible to cover all contents in the given time frame Similarly, reduce the contents of HVDC section Power System Operation and Control (01EE0807) - Reduce contents that requirement in depth analysis of operation and control – all contents cannot be covered in depth, Remove Chapter 5 and Chapter 6 from syllabus All above suggestions are accepted and incorporated in the revised syllabus document. The syllabus of B.Tech. sem-5 and sem-6 was passed with given suggestions. 		
Agenda – 3	Draft Syllabus of B.Tech. sem-3 and sem-4 w.e.f. Academic Year (AY) 2022-23		
Resolution	<ul style="list-style-type: none"> The committee suggested following changes in the draft syllabus of course Electrical and Electronic Instruments (01EE1304): 		

	<ul style="list-style-type: none"> Digital Storage Oscilloscope should be discussed in detail. All above suggestions are accepted and incorporated in the revised syllabus document. The syllabus of B.Tech. sem-3 and sem-4 was passed with given suggestions.
Agenda – 4	Introduction of Soft skill related courses from 1st to 6th semester with 1 hour and non-credit with effect from AY: 2022-23
Resolution	<ul style="list-style-type: none"> It was discussed that the university emphasizes on the overall development of learner. In addition to Core courses, electives courses and humanity science courses, special attention will be paid to soft skills courses. It was proposed in the meeting to introduce 1-hour mandatory non-credit courses in the curriculum of B.Tech. Electrical Engineering with effect from Academic Year 2022-23. Such courses will be offered over a span of 6 semesters as per the requirement of students in Electrical Engineering branch. The committee accepted the proposal and applauded the move by the department and university. The syllabi of these courses are designed by Learning and Development department and recommended by the committee.
Agenda – 5	University electives to be offered by the Electrical Engineering department
Resolution	<ul style="list-style-type: none"> The Department of Electrical Engineering will offer university electives/open electives for all students at the university. The syllabus of the university elective on Sustainable Energy is discussed. The committee accepted the syllabus document.
Agenda – 6	Revision in teaching scheme of B. Tech sem 1 & 2 as per MU guidelines
Resolution	<ul style="list-style-type: none"> The revised teaching scheme of B.Tech. sem-1 and sem-2 Electrical Engineering was proposed by the Chairman-BoS. The committee accepted the proposed scheme and recommended it for the approval.
Agenda – 7	Draft Teaching scheme of B.Tech. Electrical Engineering with minor in Electric Vehicles with B.Tech. Electrical Engineering with minor in Electrical and Computer engineering
Resolution	<ul style="list-style-type: none"> The AICTE in the revised guidelines has specified specialization that can be offered to students pursuing B.Tech. Electrical Engineering. Such specialization is offered as minor degree to respective branches. The draft teaching scheme of B.Tech. Electrical Engineering with minor degree in Electric Vehicles and B.Tech. Electrical Engineering with minor

	<p>Electrical and Computer Engineering. This teaching scheme is inline with the requirement of the AICTE.</p> <ul style="list-style-type: none"> • It was proposed that students desirous of obtaining minor degree will obtain minimum 18 credits with electives of that specializations. • The list of electives for each minor degree was presented to the committee and accepted unanimously.
Agenda – 8	Swayam courses as part of full credit or partial credit (as part of internal assessment)
Resolution	<ul style="list-style-type: none"> • As per the gazette of India in No. 332 published on August 22, 2016, the guidelines for credit transfer through online learning courses SWAYAM were published. • It was discussed and agreed upon by all members to include SWAYAM courses towards full credit transfer in students' grade sheet. • Alternatively, such MOOC courses can be included for partial assessment (internal assessment) in any course with relevant contents.
Agenda – 9	Discussion on Stakeholder feedback
Resolution	<ul style="list-style-type: none"> • As per the faculty feedback received the faculties have proposed syllabus/ change in syllabus which discussed in BOS meeting and following resolution were made. After due discussion & incorporation of suggestions from BOS members. • Parent's feedback of UG, PG and alumni feedback and exit feedback for PG courses, analysis and action taken report on same were presented. The BOS members were satisfied with the action taken report. There was a discussion on taking feedback from other stakeholders. HOD had informed that the university is conducting employer's feedback where students are placed and alumni feedback also. The form and process were presented. BOS members had resolved to continue with the process as decided by university.
Agenda – 10	Attainment level of course outcomes (CO's), Program Outcomes (PO's) is discussed.
Resolution	It is observed that the few CO's were not attain in previous year, the committee has suggested to take proper action for CO attainment improvement. Care should be taken for mathematical subjects and subjects which has only theory component. The process of PO attainment & the PO attainment of various courses of PG were discussed.
Agenda – 11	Specific agenda with permission of chair
	<ul style="list-style-type: none"> • No specific agenda was proposed by any of the committee members. Hence, the meeting was called off after a thank speech from the Chairman - BoS.

Note: Meeting was scheduled virtually on Google Meet.

Board of Studies
Minutes of Meeting
13 August 2016

The first meeting of Board of Studies of FoBM was held on 13 August 2016 at 3 PM in Board Room, 3rd Floor, Marwadi University.

The following members attended the meeting:

Dr. Suneet Saxena	Chairperson
Dr. Sanjay Bhayani	External Member
Dr. Hanuman Prasad	External Member
Dr. Hitesh Shukla	External Member
Dr. Kapil Shrimal	Internal Member
Dr. Monica Verma	Internal Member

Dr. Pratapsinh Chauhan was granted leave of absence.

Dr. Suneet Saxena, Dean, Faculty of Business Management chaired the meeting and welcomed the members. He introduced the members on the Board of Studies for FoBM and expressed his special thanks to Dr. Sanjay Bhayani, Dr. Hanuman Prasad and Dr. Hitesh Shukla for their valuable presence.

He informed the Board that the Programme Assessment Committee (PAC) has submitted the Program Structure for MBA and its curriculum.

After that, the agenda items listed were taken up for discussion and the following resolutions were passed.

Item No. 1: Program Structure of MBA for the Batch 2016-2018

The Proposed Program Structure for MBA was presented to the Board. The Board was informed that feedback from industry and academic experts were taken before finalizing the proposed program structure for MBA.

The Board reviewed the proposed program structure and noted that courses like Entrepreneurship and Managing Start-ups, Export Import Policy Procedure & Documentation, E-commerce have been introduced which are the need of the hour.

The Board also noted with satisfaction that a proper blend of core, specialization, projects and elective subjects has been maintained in the proposed program structure.

The Board after due deliberations approved the Program Structure and Teaching Evaluation scheme of MBA Program for the Batch 2016-2018. (Annexure 1)

Resolved to approve item no 1 and recommend the same to the Academic Council.

 Dean
 Faculty of Business Management
 Marwadi University
 Rajkot - 360003, Gujarat

**Item No. 2: Non-credit courses in addition to the courses included in the program structure.
(Add On Certification Courses)**

The Board was informed that based on the feedback received from industry experts, the PAC has proposed a number of add on certification courses to be offered to students in addition to the courses under the formal credit system. The following courses were proposed:

- Advanced Corporate Communication of 16 hours duration
- Advanced Excel Certification of 32 hours duration
- Six Sigma of 30 hours duration
- Digital Marketing of 20 hours

Following modifications were suggested:

- Dr Hanuman Prasad suggested that the duration of Advanced Corporate Communication may be increased to around 30 hours to provide students a platform to practice corporate communication ultimately making them employment ready. He also suggested to increase the duration of Digital Marketing to approximately 35 hours to give maximum benefits to students.
- Dr. Sanjay Bhayani suggested that these add on certification courses should be made available to students across the two years duration of program in such a form that one such course is offered in each semester.

The Board reviewed the proposed add-on certification courses and after due deliberations approved the following:

- Advanced Corporate Communication of 30 hours duration in semester 1
- Advanced Excel Certification of 32 hours duration in semester 2
- Six Sigma of 30 hours duration in semester 3
- Digital Marketing of 36 hours in semester 4

Resolved to approve item no 2 and recommend the same to the Academic Council.

Item No. 3: Syllabus of MBA Courses and Add on Certification Courses

The detailed syllabi of courses approved for the Program Structure of MBA and the Add on Certification Courses were presented.

Following modifications were suggested:

- Dr. Hitesh Shukla suggested that for the course titled “Accounting for Managers”, books authored by S. N. Maheshwari & S. K. Maheshwari and P. Tulsian may be shifted to reference books and those by R. Narayan Swami and Ambrish Gupta may be taken as Textbooks.
- Dr. Sanjay Bhayani suggested that for course “Managerial Communication”, language lab should be included and the books authored by Asha Kaul and Crafting of Letters by Monipally may be included in the list of books.
- Dr. Sanjay Bhayani suggested that for Course “Research Methodology, the topic - IT in Research, should be included in unit V.

- Dr. Hitesh Shukla suggested that Economic Value Added (EVA) and Market Value Added (MVA) methods of valuation of Business should be included for “Financial Management”
- Dr. Hanuman Prasad suggested that the content for Advanced Corporate Communication and Digital Marketing should be expanded to meet the requirement of 30 hours and 36 hours respectively as approved in item 2.

The Board reviewed the proposed syllabus of MBA and Add on Certificate courses and approved it after incorporating the modifications suggested. (Annexure 2)

Resolved to approve item no 3 and recommend the same to the Academic Council.

Item No 4: Proposed attainment for Course Outcomes

Based on the recommendation of PAC, the CO attainment target for the year 2016-17 was proposed to be set to 50%.

The Board reviewed the suggestion and after due deliberation approved the same.

Resolved to approve item no 4 and recommend the same to the Academic Council.

Item No 5: Feedback from Stakeholders

The Board was informed that the PAC had collected feedback from industry and academic experts before finalizing the proposed program structure. The Board was further informed that the suggestions/feedback received were incorporated in the curriculum as shown in the following table.

Suggestion:	Action Taken
More choice of specializations should be provided to students	Choice of Five specializations in the Program Structure
The curriculum should also emphasise on inculcating entrepreneurial skills in addition to making the students employment ready.	Course Entrepreneurship and Managing Start-ups included in the Program as an elective course
Courses catering to 21st century skill set	Add on courses for Communication, Excel, Digital marketing proposed as Add on Certification Courses in addition to E-commerce as a specialisation elective.
Students should be encouraged to take up internships	Compulsory Summer Internship Program of 8 credits included.

Minutes of Meeting
10th, August 2017

The second meeting of Board of Studies of FoBM was held on 10 August 2017 at 3:25 PM in Board Room, 3rd Floor, Marwadi University.

The following members attended the meeting:

Dr. Sunil Jakhoria	Chairperson
Dr. Sanjay Bhayani	External Member
Dr. Hitesh Shukla	External Member
Dr. Kapil Shrimal	Internal Member
Dr. Monica Verma	Internal Member
Dr. Suneet Saxena	Special Invitee
Dr. M. Srinivasa Rao	Special Invitee
Mr. Amar Gandhi	Special Invitee
Mr. Paras Rughani	Special Invitee

Dr. Hanuman Prasad was granted leave of absence.

Dr. Sunil Jakhoria, Dean, Faculty of Business Management chaired the meeting and welcomed the members. He expressed his special thanks to Dr. Sanjay Bhayani and Dr. Hitesh Shukla for their valuable presence.

The agenda items listed were taken up for discussion and the following resolutions were passed.

Item No. 1: To confirm the minutes of the 1st BOS Meeting held on 13 August 2016.

The minutes of the 1st BOS Meeting held on 13 August 2016 were circulated among the members of the Board. No comments were received, so the Board approved the minutes of the 1st BOS meeting

Item 2: To report the action taken, where necessary, on the various decisions taken by the BOS in its 1st meeting held on 13 August 2016.

As a part of the action taken on the suggestions received and resolutions of the 1st BOS meeting, the members were informed that the actions have been taken on all the suggestions. The Board noted the actions taken, where necessary, on the various decisions taken in its 1st meeting held on 13 August 2016 and expressed its satisfaction.

Item No. 3: Program Structure of MBA for the Batch 2017-2019

Board was informed that the Programme Assessment Committee (PAC) has recommended revision in Existing Program Structure for MBA and its curriculum.

The new Proposed Program Structure for MBA was presented to the Board. The Board was informed that based on the feedback from industry, academic experts and students, few modifications in the existing Program Structure for MBA have been proposed. The changes included the following:

- Adding Courses with relevance to human values and professional ethics
- Increased Choice of courses within specialisation and
- Introduction of Sectoral Electives in place of **General Elective courses to cater to sector specific requirement of skills.**
- Addition of Two Reports on Industrial Study Tour
- Addition of Comprehensive Project in Semester 4.

The Board reviewed the modifications in the program structure and noted that the new proposed program structure has become more skill and employability oriented in comparison to the existing program structure.

Dr Shukla suggested that the Course title for Personal Financial Planning should be changed to Financial Planning for Individuals.

The Board also noted with satisfaction that while enhancing the component of practical learning for students, the institute is still able to include the desired components of core subjects, diverse choice of specialization electives, projects and sectoral elective courses in the Program Structure.

The Board after due deliberations approved the revised Program Structure and Teaching Evaluation scheme of MBA Program for the Batch 2017-2019 after incorporating the modifications suggested. (Annexure 1)

Resolved to approve item no 3 and recommend the same to the Academic Council.

Item No. 4: Non-credit courses in addition to the courses included in the program structure. (Add On Certification Courses)

The Board was informed that as approved in the first BOS, the institute proposes to continue offering Add on Certification Courses as mentioned below:

- Advanced Corporate Communication of 30 hours duration in semester 1
- Advanced Excel Certification of 32 hours duration in semester 2
- Six Sigma of 30 hours duration in semester 3
- Digital Marketing of 36 hours in semester 4

The Board reviewed the proposal and approved to continue the add on certification courses in their present form.

Resolved to approve item no 4 and recommend the same to the Academic Council.

Item No. 5: Syllabus of new MBA Courses

The detailed syllabi of new courses added in the Program Structure of MBA were presented.

The Board reviewed the proposed syllabus of MBA and after due deliberations approved them. (Annexure 2)

Resolved to approve item no 5 and recommend the same to the Academic Council.

Item No. 6: Revision in existing Courses

6.1 Revision in Course Content and Course Title for Quantitative Techniques for Managers 03BM0107

The Board went through the proposed modifications in the existing content of Quantitative Techniques for Managers 03BM0107 in Semester 1 and after detailed discussion approved the revisions. The Board also approved change of title of the course to Statistics for Managers as it was found that the course covered concepts of statistics being taught under the title Quantitative Techniques for Managers. (Annexure 3)

“Resolved to approve item 6.1 and recommend the same to the Academic Council”

6.2 Revision in Course Content of Business Research Methods 03BM0202

The Board went through the proposed modifications in the existing content of Business Research Methods 03BM0202 in semester 2 and appreciated the inclusion of various statistics tests for research. After due deliberation the Board approved the changes. (Annexure 4)

“Resolved to approve item 6.2 and recommend the same to the Academic Council”

6.3 Revision in Course Content and Course Title of Compensation Management 03BM0317

The Board went through the proposed modifications in the existing content of Compensation Management 03BM0317. The Board noted that revised content includes performance management as a unit. The Board after due deliberations approved the revision of course content and course title from Compensation Management to Compensation and Performance Management. (Annexure 5)

“Resolved to approve item 6.3 and recommend the same to the Academic Council”

6.4 Revision in Course Content of International Marketing 03BM0319

The Board went through the proposed modifications in the existing contents of International Marketing 03BM0319. After due deliberations the Board approved the revision of course content. (Annexure 6)

“Resolved to approve item 6.4 and recommend the same to the Academic Council”

6.5 Revision in Course Content of International HRM

The Board went through the proposed modifications in the existing contents of International HRM and after due deliberations approved the change. (Annexure 7)

“Resolved to approve item 6.5 and recommend the same to the Academic Council”

6.6 Revision in Course Content and Course Title of E-Commerce 03BM0423

The Board reviewed the proposed changes in the content and noted that some component of Management Information Systems is also proposed to be added so change in course title is justified. After due deliberations the Board approved revision of course content and course title for the course E-commerce 03BM0423. (Annexure 8)

“Resolved to approve item 6.6 and recommend the same to the Academic Council”

Item No 7: Attainment of Course Outcomes

The Board was informed that an analysis of CO attainment revealed that the targets set for the year 2016-17 at 50%, have been achieved.

The PAC suggested that as the University is in its nascent stage so it will be good to maintain the same targets for the academic year 2017-18 as well and see how well they are achieved for the coming year.

The Board noted the attainment levels for year 2016-17 and after due deliberations approved that CO attainment targets for year 2017-18 be set at 50%.

Resolved to approve item no 7 and recommend the same to the Academic Council.

Item No 8: Feedback from Stakeholders

The Board was informed that the PAC had collected feedback from students, industry and academic experts for the existing program structure and curriculum of MBA. The Board was further informed that the suggestions/feedback received were incorporated in the curriculum as shown in the following table.

Suggestion	Action Taken
Sector specific courses should be introduced.	Choice of four sectoral electives in semester 3 and 4 introduced.
Students should be exposed to practical aspects of management education through industrial visits, internships and projects	Report of Industrial Tour included in semester 1 and semester 2 Ialong with one comprehensive project semester 4.
Course content of Quantitative Techniques for Managers includes topics from Statistics domains so title of course should be changed	Course Content and Course title revised.
Choice of courses within one specialisation should be increased	Students have a choice of selecting any 5 specialisation courses from the list of 8 specialisation electives
Management Information System should be introduced as a course in the Program	To avoid addition of credits, MIS is included with the course of E-Commerce
Performance Management Course should be introduced in HR Specialisation	Component of Performance Management has been added in the course Compensation Management and title of the course has been modified.

The Board noted with satisfaction that the feedback process adopted by the institution is working well. It further recommended that once the current students pass out of the institution, their feedback as an alumni should also be incorporated for further development of curriculum.

The meeting was concluded with a vote of thanks to all the members present.

---------------------	---------------------------

Prof. (Dr.) Sunil Kumar Jakhoria, Dean, Faculty of Management Studies chaired the meeting and welcomed the members. He expressed special thanks to Prof. (Dr) Karunesh Saxena, Prof. (Dr) Rajasekharan Pillai, and Mr. Chetan Bhojani for sparing their valuable time out of their busy schedule to attend the meeting and providing suggestions. He discussed the need for the

development of a new curriculum and programme structure to include the recommendations of New Education Policy, 2020. As per the recommendations of the New Education Policy given by the Union Cabinet of India on 29th July 2020, and with the vision of an India-centric education system that contributes directly to transforming our nation sustainably into an equitable and vibrant knowledge society by providing high-quality education to all, he highlighted the key changes which have been done to align the recommendation in MBA (Regular and Business Analytics) programme structure and as well as syllabi. He also appreciated that in the present times the meeting has been organized online.

After that, the agenda items listed were taken up for discussion and the following resolutions were passed.

Item No. 1: To confirm the minutes of the 5th BOS meeting held on 4th September 2020

The minutes of the 5th BOS meeting held on 4th September 2020 were circulated among the members of BOS. Since no comments were received, this BOS approved the minutes of the 5th BOS meeting.

Item No. 2: To report the action taken, where necessary, on the various decisions taken by the BOS in its 5th meeting held on 04-09-2020

As a part of the action taken on the suggestions received and resolutions of the 5th BOS meeting, the members were informed that the actions have been taken on all the specific suggestions provided. The Board was informed that w.r.t. the suggestion provided by Dr. Karunesh Saxena to include SIG training on Entrepreneurship, the university has dedicated Centers - MUIIR for Entrepreneurship and CFB for Family Business which provide mentoring and coaching to students interested in entrepreneurship and/or upscaling their family business. With reference to the suggestion received on using MOOC platforms for certificate programs, the Board was informed that the University is considering signing a MOU with Coursera to provide such solutions. The Board was further informed that since the NEP implementation process is still in evolution stage it is desirable to provide more time to come up with proposals in this direction.

The Board was further informed that faculty members have been advised to use group projects as a part of continuous evaluation component.

The Board noted the actions taken, where necessary, on the various decisions taken in its 5th meeting held on 4th September 2020 and expressed its satisfaction.

Item No.: 3 Revision of Program Structure of MBA

The Board was informed that since the current MBA program was last revised in 2017, it was felt that the program should be revised to keep it abreast with the changes in the industry requirements. The Program Assessment Committee sought feedback from various stakeholders and the suggestions so received have been incorporated in the proposed program structure of MBA. (Annexure 1)

The proposed program structure was presented and the following points were discussed and decisions were taken:

3.1 Addition of new Specializations.

The Board was informed that based on the feedback received from industry, the PAC recommended addition of five more specializations in the MBA Program Structure. The specializations proposed to be added have been decided keeping in view the industry demand for specific skills in these areas.

The Board noted with appreciation the addition of the new specializations under the MBA program and after due deliberations approved them. The additional specializations will be offered w.e.f. AY 2021-22. (Annexure 2)

Resolved to approve item 3.1 and recommend the same to the Academic Council

3.2 Addition of courses within existing Specializations.

The feedback from students suggested that they would appreciate more choices being offered to them within the specializations. Based on this, the PAC recommended offering a choice of 10 specialization electives in each specialization against the 8 choices of specialization electives available in the current program structure.

The Board noted with satisfaction, the addition of courses within existing specializations. The Board deliberated on course titles, teaching - evaluation scheme for the courses under the

existing specializations and new specializations in the MBA program structure and after due deliberations approved the same. (Annexure 3)

Resolved to approve Item 3.2 and recommend the same to the Academic Council

3.3 Addition of General Electives.

The Board was informed that PAC received feedback from faculties to include some courses of general nature in the program structure which do not fall under any specialization but are needed for a management graduate. Taking that feedback forward, the PAC has recommended introduction of general electives during semester 3 and 4 of MBA program. The list of proposed General electives was presented. The Board deliberated on course titles, teaching - evaluation scheme for the proposed general elective courses to be offered in semester III and IV of MBA. After due deliberations, approval for the same has been given by all the members of BOS. These changes will be applicable w.e.f. AY 2021-22. (Annexure 4)

Resolved to approve Item 3.3 and recommend the same to the Academic Council

3.4 Addition of Skill Enhancement Courses

The PAC based on its internal deliberations as well as deliberations within the faculty group felt that since the students were putting in a lot of efforts and investing a lot of time in their academic schedule for the Add-on Certification courses, it is advisable to bring the add-on courses under the formal credit system of the MBA program. Furthermore, feedback received from faculty suggested that students should be given more options within the Add-on courses. Keeping the above suggestions in mind, the PAC recommended converting the Add on Certificate Courses to Skill Enhancement Courses with credits and to offer a choice of three such Skill Enhancement Courses out of which the student may choose any two in each semester. The Board noted with appreciation and approved course titles under Skill Enhancement Courses for MBA Program along with the suggested teaching - evaluation scheme.

After due deliberations, the Board approved the addition of Skill Enhancement Courses. These changes will be applicable w.e.f. AY 2021-22. (Annexure 5)

Resolved to approve Item 3.4 and recommend the same to the Academic Council. The

Board also communicated its satisfaction with the presence of all categories of courses

namely, core management courses, specialization electives, general electives, skill enhancement courses and projects.

Item No. 4: Syllabus of MBA Courses

The Board was informed that the proposed program structure as approved in item no 3 included some existing courses and many new courses have been added.

The details were taken up for discussion and approval as follows:

4.1 Revision of Existing Courses

The Board was informed that the PAC reviewed each existing course and recommended revisions in those courses keeping in view the recent developments in their respective fields. The revised syllabi of existing courses were presented and the Board noted with satisfaction that the courses have been updated to incorporate the latest developments in their respective areas.

Following suggestions were received:

- Dr. Pillai suggested to include “Communication Prior-During-Post any emergency” and “How to convey an unpleasant message” topics in the course Business Communication.
- For the course Business Research Methods, Dr. Pillai suggested to include few topics like Identification of research topics and its refinements, Review of Literature, Research Gap, Statement of Problem, Research Objectives, Research Questions, Hypotheses, Components of Research Design/Methodology, Various Data Collection methods. He also suggested to add the following books as reference books in the syllabus for Business Research Methods:
 - Zikmund, W.G., Babin, B. J., Carr, J.C., Adhikari, A., & Griffin, M. (2016). Business Research Methods: A South –Asian perspective. New Delhi: Cengage Learning
 - Saunders, M., Lewis, P. & Thornhill, A. (2011). Research Methods for Business Students, 5th Edn. New Delhi: Pearson Education Ltd.
 - Sekaran, U. & Bougie, R. (2016). Research Methods for Business: A Skill-Building Approach, 4th edn. USA: John Wiley and Sons Inc.

The Board noted the suggestions and after due deliberations approved the syllabi after incorporating the suggestions provided by Dr. Pillai. These changes will be applicable w.e.f. AY 2021-22. (Annexure 6)

Resolved to approve Item 4.1 and recommend the same to the Academic Council

4.2 Syllabi of new courses

The syllabi of new courses introduced were presented. The Board reviewed the same. Dr. Pillai suggested modification in the course outcomes of some courses to align them with Bloom's Taxonomy.

The Board, after due deliberations accepted the suggestion and approved the syllabi after incorporating the suggestions provided by Dr. Pillai. These changes will be applicable w.e.f. AY 2021-22. (Annexure 7)

Resolved to approve Item 4.2 and recommend the same to the Academic Council

Item No. 5: Revision of Program Structure of MBA (Business Analytics)

The Board was informed that feedback from faculty members suggested that the two programs MBA Regular and MBA Business Analytics being post graduate programs in management should have some common courses of management domain. This will also help in having a common framework for introduction of domain-based post graduate management programs in future. Based on the suggestions received, the PAC has recommended a revised program structure for MBA (Business Analytics). (Annexure 8)

The proposed program structure was presented and the following points were taken up for discussion and approval:

5.1 Addition of new domain courses

The Board was informed that in order to keep the program updated with the latest developments in the field of analytics new domain courses were introduced while removing the courses which were outdated.

The Board reviewed the list of new courses introduced and communicated its satisfaction with the same. After due deliberations the Board approved the same.

Resolved to approve Item 5.1 and recommend the same to the Academic Council

5.2 Addition of General Electives.

The Board was informed that PAC has recommended to include all the general electives approved for MBA program in item 3.3 to be introduced for the MBA (Business Analytics) as well citing the same reasons.

The Board noted with satisfaction and approved the addition of General Electives in MBA (Business Analytics) Program Structure.

Resolved to approve Item 5.2 and recommend the same to the Academic Council. The Board also communicated its satisfaction with the presence of all categories of courses namely, core management courses, domain specific courses, general electives and projects based courses needed for a domain specific post graduate management program.

Item No. 6: Syllabus of MBA (Business Analytics) Courses

6.1 Syllabi of courses aligned with MBA Program

It was recommended that syllabi of all the courses approved in item 4 for core courses and general electives should be extended for MBA (Business Analytics) for alignment of two programs.

The Board reviewed the proposal and after due deliberations approved the same.

Resolved to approve Item 6.1 and recommend the same to the Academic Council

6.2 Revision of Existing Courses

The Board was informed that the PAC reviewed each existing courses and recommended revisions in those courses keeping in view the recent developments in their respective fields. The revised syllabi of existing courses were presented and the Board reviewed them.

Following suggestions were received:

For the course Economics for Decision Making, Dr. Pillai suggested:

- To modify the course outcomes in line with the standard practice of mapping it with Bloom's Taxonomy.
- Removing some pure economics topics from the syllabus.
- To remove the overlapping in Module IV and V by removing Limit Pricing
- To include a topic on Decision Making under Risk and Uncertainty.

- To include behavioural bias on investment like Dispositional Effect, Herding Behaviour, Hone Bias, Availability Bias and Overconfidence bias.
- To include trade cycle, exchange rate and macroeconomics in the syllabus.
- To remove the Modern Microeconomics by Koutsoyiannis from the list of textbooks and instead include the following textbooks:
 - Thomas, C. R & Maurice, S. C. (2016). Managerial Economics: Foundations of Business Analysis and Strategy. Mc Graw Hill
 - Samuelson & Nordhaus (1998) Economics. Mc Graw Hill

After due deliberations the Board, for the course Economics for Decision Making, approved the syllabus after incorporating all the suggestions provide by Dr. Pillai except for the inclusion of trade cycle, exchange rate and macroeconomics topics. It was resolved that the topics related to macroeconomics including investors' behavioral bias on investment will be taken up for consideration in the next cycle of syllabus update process. It was also resolved that instead of removing the pure economics topics, these topics will be taught to the students from the perspective of decision-making targeting utility analysis.

The Board approved all the other syllabi in their presented form. (Annexure 9)

Resolved to approve Item 6.2 and recommend the same to the Academic Council

6.3 Syllabi of New Courses

The syllabi of new courses introduced were presented. The Board reviewed the same.

The following suggestions were received:

For the course SPSS, Dr. Pillai suggested

- To cover the following topics in the syllabus: Split-file analysis; Weight case analysis; n-way ANOVA; Factorial ANOVA; MANOVA; ANCOVA; MANCOVA; Multi-variate normality; Process Modelling; Reliability Analysis; Factor Analysis; Correspondence Analysis; Artificial Neural Networking; Discriminant Analysis.
- To include three more textbooks in the syllabus as mentioned under:
 - Hinton P R et al. (2018). SPSS Explained. Routledge
 - Hair Jr. F. et all (2011) Multi-variate Data Analysis. Prentice Hall

- o Field, A. (2018). Discovering Statistics using IBM SPSS Statistics, 4th Edn. Sage

The Board reviewed the suggestions provided by Dr. Pillai and it was decided that the topics suggested by Dr. Pillai will be taught to the students in the form of a Workshop in their semester 3 of MBA (BA) Program. Other suggestions provided by Dr. Pillai were approved to be included in the syllabus for SPSS.

After due deliberations, the Board approved the listed item. These changes will be applicable w.e.f. AY 2021-22. (Annexure 10)

Resolved to approve Item 6.2 and recommend the same to the Academic Council

Item No 7: Attainment of Course Outcomes

The Board was informed that the target for CO attainment was set to be 56% and the same was achieved.

Since the CO attainment set at 56% was achieved, a revised target of 58% for CO attainment was proposed by PAC.

The Board noted the attainment levels for year 2020-21 and after due deliberations approved that CO attainment targets for year 2021-22 be set at 58%.

Resolved to approve item no 7 and recommend the same to the Academic Council.

Item 8: Feedback from Stakeholders

The Board was informed that the PAC had collected feedback from industry and academic experts before finalizing the proposed program structure. The Board was further informed that the suggestions/feedback received were incorporated in the curriculum as shown in the following table.

Suggestion	Action Taken
Number of specializations should be increased to meet the specific needs of industry.	Number of Specializations increased to nine.
More options of courses within each specialization should be provided	Number of specialization electives increased to 10.

Some courses of general nature in the program structure which do not fall under any specialization but are needed for a management graduate	Addition of General Electives in Program Structure
Add on Certification Courses should be included under credit system	Skill Enhancement Courses with 2 credits each introduced
Students should get a choice of skill courses do decide for themselves which skills they want to develop	Choice of three Skill Enhancement Courses out of which students are required to choose any two in each semester
The two programs MBA Regular and MBA Business Analytics being post graduate programs in managements should have some common courses of management domain.	Alignment of MBA and MBA (BA) Program done
There should be a common framework for our MBA programs so that in future if some other domain specific programs are offered the framework of all those programs may be aligned at least for the core management courses.	Alignment of MBA and MBA (BA) Program done

The Board noted with satisfaction the suggestions received and actions taken on them.

Item No. 9: Any other point with the permission of the Chairman

General Observations and Suggestions

Dr. Karunesh Saxena shared with the Board some of his general observations and suggested the following:

- The courses may be made in compliance with NSQF (National Skills Qualifications Framework)
- Introduction of 5 years of Integrated programme

- Introduction of 4 years of graduation programme (10+2+4) where last semester should be devoted to Research.
- Introducing 1 year and 2 years of Master's degree courses.

Mr. Chetan Bhojani suggested introducing Self-Paced Online courses for the skill enhancement of students in future. He further suggested enhancing Emotional Intelligence skills of students through seminar and simulation exercises in addition to the general elective course on Emotional Intelligence.

Dr. Sunil Kumar Jakhoria suggested future recommendations for the Program Assessment Committee to work upon following:

- Introduction of 5 years of Integrated programme in Faculty of Management Studies, Marwadi University where multiple entry and exist options may be provided. The students may be awarded with Certification at every level.
- Alignment of Recommendations of the New Education Policy, 2020 with 4 years of graduate programme, with reference to last year which is devoted to Research.
- Including new components in teaching and evaluation scheme like open book examinations and take-home examinations.

The meeting concluded with a vote of thanks to the Chairperson and all the members present.

Catalog Description

The purpose of this course is to develop thinking skills. We live in a society that mass-produces information. Not all of it is true or well grounded in fact. The key challenge in an information age is to know how to judge the quality of the information, opinions, and arguments that we are exposed to on a daily basis. This includes the ideas, arguments and assertions that we see, hear or read in the news, in coursework, on the job and in all human relations. Critical thinking is a fundamental leadership competency. Leaders are often presented with information from a variety of sources and about areas where they have no expertise. They must know how to make good judgments about people, information, and arguments. Leaders also have to know how to present persuasive arguments. Some people become leaders because of their personality, desire, or “people skills.” Others become leaders because of their ideas and ability to create a vision, plan for the future, and anticipate and solve problems. Critical thinking is the foundational skill for of the Jepson School curriculum. It is not an end in itself, but a first step towards

creative thinking and problem solving. The ability to think critically and solve problems is not only important for leadership, but for a life-long learning.

Item No.BOS/07/03:

Items for Reporting/Information

- 1) Henceforth, Faculty of Business Management and Faculty of Liberal Studies are merged and will be known as Faculty of Management Studies (FMS).
- 2) In the 6th BoS the FMS decided on offering Open elective of 2 credits across 1st to 4th semester of all the Under Graduate courses ie., BBA, BBA(H) and BBA (FM),. The same was reflected in the programme structure of all the programmes and the same was presented in 6th BoS meeting. However, later at the university level it was decided that the Open Electives shall be of 3 credits and offered in 3rd and 4th semester. As a result, the subsequent changes in the Programme structure of BBA, BBA(H) and BBA (FM) are being informed to all the board members. **Annexure-I**

Item No.BOS/07/04:

Changes in the course of teaching in semester V of Entrepreneurship specialization and course of teaching in semester VI of Digital Marketing specialization. And their respective syllabuses.

The members were informed that in the 6th BoS it was approved that in BBA(Hons) programmed

- i) In semester 5 course titled "International Business Procedures" with course code 04BH0506 will be the common course to be offered in Entrepreneurship and International Business specialization.
- ii) Similarly, in semester -6 course titled "Social Media Marketing" with course code 04BH1603 will be the common course for teaching in Marketing and Digital Marketing specialization.

But the central examination department was of the opinion that same course cannot be offered in two specializations because there will be some administrative issues. This was deliberated by respective subject area committees and the Programme Academic committee; and finally decided that hence forth:

- a) In Semester- 5
 - i) Course titled "Fundamentals of International Business" with course code 04BH0504 will be taught in International Business specialization; and
 - ii) Course titled "International Business Procedures" with course code 04BH0506 will be taught in Entrepreneurship specialization
- b) In Semester- 6
 - i) Course titled "Social Media Marketing" with course code 04BH1603 will be taught in Marketing specialization

- ii) Course titled "Marketing Through Social Media Platforms" with course code 04BH0609 will be taught in Digital Marketing specialization

Details of the changes are as follows:

Programme Name	Specialization	Change		Semester	Batch
		From	To		
BBA(H)	International Business	Fundamentals of International Business (04BH0504)	Fundamentals of International Business (04BH0504)	V	2021-24
	Entrepreneurship	Fundamentals of International Business (04BH0504)	International Business Procedures (04BH0506)	V	2021-24
	Marketing	Social Media Marketing (04BH1603)	Social Media Marketing (04BH1603)	VI	2021-24
	Digital Marketing	Social Media Marketing (04BH1603)	Marketing Through Social Media Platforms (04BH0609)	VI	2021-24

The members reviewed and approved the proposed changes and the syllabuses of "International Business Procedures" and "Marketing Through Social Media Platforms". It was resolved:

"Resolved that Item No.BOS/07/04 stands approved and are recommended for presentation to the Academic Council". Annexure-II

Item No.BOS/07/05:

To consider and approve syllabus and teaching scheme of University Open Elective to be offered by FMS

Dr. Sunil Kumar Jakhoria informed and explained to the board members that university (keeping in line with one of the major proposals of NEP to offer greater flexibility in courses offered to the students) has decided to introduce University open electives, a concept approved by the Academic Council. The student on commencement of 3rd semester has to choose 2 electives during the entire duration of his/her programme and those electives will be deemed as university wide open elective. To begin with, these electives will be offered in under graduate programmes and later extended to Post Graduate programmes. A pool of such university electives will be

created where every department in the university will contribute. In addition, courses like music, NCC, sports, performing arts etc. are also to be included. These courses will be available to the students other than the department/ faculty offering it. As a common guideline these courses shall not be too technical in nature, there is no lab component and there is no pre-requisite to the course. The Faculty of Management Studies, to begin with will offer nine courses, four in management and five in commerce.

The courses and teaching and evaluation were presented before the members for discussion and approval:

Course Title	Course code	Credits	Contact Hours
Entrepreneurship	04OP0006	3	36 hr
Digital Marketing	04OP0007	3	36 hr
Data Analysis using Spreadsheet	04OP0008	3	36 hr
Basics of Supply Chain Management	04OP0009	3	36 hr

And the evaluation scheme for each course shall be:

	Component	Weightage
A	Continuous Evaluation Component (Assignments / Quizzes /Class Participation etc.)	20% (C.S.E)
B	Internal Assessment	30% (I.A.)
C	End-Semester Examination	50% (External assessment)

Following comments and suggestion were received:

- 1) Course titled "Entrepreneurship", "Tax Planning for Individuals" and "Basics of Supply Chain Management" were approved by the members.
- 2) In the Course titled "Digital Marketing" more teaching hour should be allocated to unit 3 as the topic to be dealt in the unit have great potential for skilling and employability.
- 3) In the Course titled "Data Analysis using Spreadsheet" solver and Pivot table should be mentioned in unit -1 for greater clarity during course delivery.

Conclusion:

The suggestions were discussed and the changes were accepted and approved. It was resolved as under:

"Resolved that all the syllabi and teaching and evaluation scheme for each course stands approved and are recommended for presentation to the Academic Council".
Annexure-III

Item No. BOS/07/06: Discussion on Programme Outcome and Course Outcome attainment

The Board was informed that an analysis of CO attainment revealed that the targets set for the academic year 2021-22 at 50%, have been achieved.

PAC proposed the CO attainment target for academic year 2022-23 at 50%.

The Board noted the attainment levels for year 2021-22 and after due deliberations approved that CO attainment targets for year 2022-23 be set at 50%.

Resolved that Item No. BOS/07/06 is approved and recommend the same to the Academic Council.

Item No. BOS/07/07: : Stakeholders Feedback

Introduction of New Courses

4. Reason for Introduction of New Courses — Batch: 2017-2019

Course Name	Feedback from stakeholders	Rational	Action to be taken
Reading and Writing for Business (RWB)	Recommendation from the Communication Department of the University.	To make learning of English easy and interesting. Give scholars coming from varied background to learn English the way it suits them and focus on what they lack. For eg., a student already has good written English but is not good in presentation then such a student can opt for course of SPS rather than RWB.	RWB & SPS to be offered as elective course in semester-I
Speaking and Presentation Skills (SPS)			EW & ETF to be offered as elective course in semester-II
English for Workplace (EW)			
English through Films (ETF)			
Applications of Spreadsheet	Suggestion from Programme coordinator	Most of the job openings require spreadsheet and word-processing software skills. Knowledge of excel will help Organize data in an easy-to-navigate way, Do basic and complex mathematical functions, Analyze data and make forecasting predictions and many more things	To be offered as core course in semester-II

5. Details of the new courses introduced:

Revision in the syllabus of the course

Reason for Revision

Course Name	Feedback from stakeholders	Rational	Action to be taken
Principles of Management	The subject faculty was of opinion that the existing course is covering topics already read by the student in 12 th std. and there are no advance level topics.	Will help student to learn over and above the knowledge he/she already has.	Principles of Management course revised
Micro Economics	Faculty felt the need to add few topics that were not there	Essential to be known at the UG level.	Micro Economics course revised
Fundamentals of Accounting	Faculty feedback to make the course content relevant to the B.Com programme	Essential to be known by a commerce graduate.	Fundamentals of Accounting course revised and renamed as "Financial Accounting- I"
Computer Essentials	Faculty feedback to remove theoretical component and add more of MS office.	Impart greater skills that help in employability	Computer Essentials course revised
Business Mathematics	Faculty feedback to remove few topics as the course was too lengthy to deliver in allotted sessions.	Will impart greater clarity and make learning effective	Business Mathematics course revised

Macro Economics	Faculty felt the need to add few topics that were not there.	Essential to be known at the UG level.	Macro Economics course revised
Statistics in Business	Faculty feedback to incorporate topics relevant at UG level	differentiate it from the PG course	course revised and named as "Business Statistics"
Financial Accounting - II	Recommended by faculty in light of revision in semester -1 course "Fundamentals of Accounting"	Revision in "Fundamentals of Accounting" necessitated the revision.	Financial Accounting – II course revised
Business Environment	Faculty feedback as some of the acts & topics were overlapping/ repeated in other subject or not at all	Greater coverage during the entire programme.	Business Environment course revised
Fundamentals of Human Resource Management	Faculty feedback to remove theoretical component.	Impart greater skills that help in employability	E-Commerce course revised

Item No.BOS/06/03: *Items for Reporting/Information*

Nothing was brought up under this agenda item

Item No.BOS/06/04(i): *To consider and approve revised Curriculum for B. Com Three Years program to be implemented from academic year 2021-22.*

Mr. Jitendra Patoliya, Programme coordinator B. Com briefed the members regarding the need for revising the curriculum/ programme structure of B.Com. and the changes made in comparison to the previous curriculum. He presented and explained the revised curriculum/ programme structure to the members. The members were informed that the new curriculum has following salient features :

- i) Elective courses to be offered from semester 1 to 4. The number of electives increase in comparison to the previous curriculum
- ii) Introduction of three specializations namely Accounting and Auditing, Finance and Taxation and Marketing. In the previous curriculum no specialization was offered.
- iii) Introduction of Courses on skill enhancement and certification courses.

Course Category		Sem-1	Sem-2	Sem-3	Sem-4	Sem-5	Sem-6
Core Course	CC	16	12	16	20	8	8
General Elective	GE	4	4	4	4		
Skill Enhancement	SEC		4			4	2
Ability Enhancement	AEC	2	4	2			
Domain Specific	DS					8	4

Project	P						4
University Elective	UE	2	2	2	2		
Total Programme Credits	138	24	26	24	26	20	18

The members were further informed that:

- i) as in the earlier years the students will continue to take noncredit courses intended to enhance skills and abilities namely; Fundamental of Stock Market in semester 1, Entrepreneurship in semester 2, Personal Tax Planning in semester 3, Advanced Excel in semester 4, Tally in semester 5 and Export Documentation in semester 6 along with the credit courses.
- ii) from the academic year 2021 students will be offered a two-credit university open elective in semester 1,2,3 and 4.

The members made the following observations

Dr. Sanjaya Bhayani brought to the notice that course titled " Principles of Marketing" should be offered as a compulsory course instead as a elective as it will aid student learning of course titled 'Fundamentals of Digital marketing' which is offered as compulsory course. Dr. Bhayani advised to refer the Model curriculum of UGC and make the changes wherever possible. Here too Dr. Bhayani retorted that if not all certain courses should be identified were in flexibility is given to the faculty to evaluate the student at the end of the course rather sticking to a fixed way of evaluation. Mr. Ketan Gandhi suggested that if possible now or later team work based evaluation should be implemented as it will assist students in their job because when student join industry most of the work is team work . The suggestions were well taken and it was decided that Mr. Patolia along with the team should deliberate and incorporate the changes suggested by Dr. Bhayani and wherever possible make the changes in evaluation scheme. It was resolved as under:

"Resolved that the revised course structure stands approved and is recommended for presentation to the Academic Council". Annexure 1

Item No.BOS/06/04(ii): To consider and approve syllabi of all six semesters as per Revised Curriculum for B.Com Three Years program implemented from academic year 2021-22.

The Board went through the syllabi and approved it to be applicable w.e.f 2021 and resolved as under:

"Resolved that the syllabus stands approved and is recommended for presentation to the Academic Council". Annexure 2

Item No.BOS/06/05(i): **To consider and approve revised Curriculum for B.Com(Hons) Three Years program implemented from academic year 2021-22.**

Mr. Jitendra Patoliya, Programme coordinator B. Com (Hons) presented to the members the revised programme structure and the changes made in comparison to the previous curriculum. The members were informed that the new curriculum has following salient features:

- i) Introduction of elective courses to be offered from semester 1 to 4.
- ii) Introduction of seven specializations
- iii) Introduction of Courses on skill enhancement and certification courses.

The observations and recommendations of the members are recorded as below:

Dr. Sanjay Bhayani expressed his opinion that, if possible, the teaching should be more practical oriented /hands-on as our students are strong in theory but have very little practical exposure; this is also emphasized in new National Education Policy (NEP). For which he suggested that for a 4-credit course there should be 3 theory classes and 1 completely practical/ field visit session. All the suggestions were well taken and it was decided that the appropriate team should deliberate and look into the possibility of incorporating the suggestion taking into account all the feasibility.

“Resolved that the revised course structure stands approved and is recommended for presentation to the Academic Council”. Annexure 3

Item No.BOS/06/05(ii): **To Consider and approve syllabi of all six semesters as per Revised Curriculum for B.Com(Hons) Three Years program implemented from academic year 2021-22.**

The Board went through the syllabi and approved it to be applicable w.e.f 2021 and resolved as under:

“Resolved that the syllabus stands approved and is recommended for presentation to the Academic Council”. Annexure 4

Item No. BOS/06/06: Discussion on Programme Outcome and Course Outcome attainment

The Board was informed that an analysis of CO attainment revealed that the targets set for the academic year 2020-21 at 48%, have been achieved.

Since the CO attainment is well above the target, a revised target of 50% for CO attainment was proposed by PAC.

The Board noted the attainment levels for year 2020-21 and after due deliberations approved

that CO attainment targets for year 2021-22 be set at 50%.

Resolved that Item No. BOS/06/06 is approved and recommend the same to the Academic Council.

Item No. BOS/06/07: : Stakeholders Feedback

The Board was informed that the PAC had collected feedback from students, industry and academic experts for curriculum development. The Board was further informed that the suggestions/feedback received were incorporated and accordingly the programme structure has been revised.

The Board noted with satisfaction the suggestions received and actions taken on them.

The meeting concluded with a vote of thanks to the chair and all the members.

Sr. No	Suggestions	Action Taken
1	Reference to the UGC Model Curriculum for B.Com to align the proposed curriculum of B.Com & B.Com (Hons)	Noted and completed The concerned people referred the UGC model curriculum and found that most of the courses mentioned there are already in the proposed Curriculum. It was decided that few of the courses which are there in UGC model curriculum but not in our curriculum can be added to the list of general electives.
2	To make "Principles of Marketing" as a compulsory course instead of an elective.	Noted and completed After deliberation following was decided: a) Principles of Marketing to be offered as compulsory course in semester III b) The course titled Business Environment in semester III be shifted to semester I. c) Business Statistics-I and Business Statistics-II currently proposed as

		<p>compulsory courses in semester I and II respectively should be combined and offered in semester II as Business Statistics.</p> <p>d) In place of general elective course Principles of Marketing which is now made a compulsory course (refer point (a) above), Money, Banking and Exchange can be offered as an elective.</p> <p>e) Replace General Elective "Environmental Studies" with course titled "Tourism and Travel Management" (adopted from UGC model curriculum).</p>
3	To incorporate team work based evaluation	<p>Noted and completed</p> <p>Following courses were identified; where team based evaluation is to be done.</p> <ul style="list-style-type: none"> • Tourism and Travel Management • Indian Economy • Public Finance • Procedures & Practices in EXIM Mgmt
4	Faculty should have liberty to decide Evaluation Scheme.	<p>The members were informed that we already have provision for the same, which are as follows:</p> <p>a) Faculty in all the courses offered in a programme have complete autonomy to decide the evaluation scheme for 50 % (internals) of the total marks and;</p> <p>b) in courses identified as departmental courses the faculty has complete autonomy to decide evaluation scheme for whole 100%</p>

The Board noted the action taken, and expressed their satisfaction on the action taken report.

Item No.BOS/07/03:

Items for Reporting/Information

- 1) Henceforth, Faculty of Business Management and Faculty of Liberal Studies are merged and will be known as Faculty of Management Studies.
- 2) In the 6 th BoS the FOLS decided on offering Open elective of 2 credits across 1 st to 4 th semester of all the Under Graduate courses ie., B.Com and B.Com(H). The same was reflected in the programme structure and the same was presented in 6 th BoS meeting. However, later at the university level it was decided that the Open Electives shall be of 3 credits and offered in 3 rd and 4 th semester. As a result, the subsequent changes in the Programme structure of B.Com and B.Com(H) are being informed to all the board members. **Annexure-I**

Item No.BOS/07/04:

To consider and approve syllabus and teaching scheme of University Open Elective to be offered by FMS.

Dr. Sunil Kumar Jakhoria informed and explained to the board members that university (keeping in line with one of the major proposals of NEP to offer greater flexibility in courses offered to the students) has decided to introduce University open electives, a concept approved by the Academic Council. A student has to choose 2 electives during the entire duration of their programme and those electives will be deemed as university wide open elective. To begin with, these electives will be offered in under graduate programmes and later extended to Post Graduate programmes. A pool of such university electives will be created where every department in the university will contribute. In addition, courses like music, NCC, sports, performing arts etc. are also to be included. These courses will be available to the students other than the department/ faculty offering it. As a common guideline these courses shall not be too technical in nature, there is no lab component and there is no pre- requisite to the course. The Faculty of Management Studies, to begin with will offer nine courses, four in management and five in commerce.

The courses and teaching and evaluation were presented before the members for discussion and approval:

Course Title	Course code	Credits	Contact Hours
Understanding Financial Statements	04OP0001	3	36 hr
Tax Planning for Individuals	04OP0002	3	36 hr
Fundamentals of Personal Finance	04OP0003	3	36 hr
Basics Of Accounting	04OP0004	3	36 hr
Tally for Beginners	04OP0005	3	36 hr

And the evaluation scheme for each course shall be:

	Component	Weightage
A	Continuous Evaluation Component (Assignments / Quizzes /Class Participation etc.)	20% (C.S.E)
