**Section to be completed BEFORE THE MOBILITY****I. PROPOSED MOBILITY PROGRAMME**

Main subject field<sup>8</sup>: 0788: Engineering, manufacturing and construction, inter-disciplinary programmes

Level (select the main one): Short cycle (EQF level 5) ; Bachelor or equivalent first cycle (EQF level 6) ; Master or equivalent second cycle (EQF level 7) ; Doctoral or equivalent third cycle (EQF level 8)

Number of students at the receiving institution benefiting from the teaching programme:

Number of teaching hours: 10 Hours

Language of instruction: English

**Overall objectives of the mobility:**

- The prime objective of the mobility is to join hands for the pursuit of creative common goals in terms of delivering quality education that is suitable to students and sellable to interested stakeholders worldwide. Under a common intellectual interest programs can be carved that will enable and empower students for participation in the international knowledge-skill development programs designed and delivered jointly through such a collaboration.

**Added value of the mobility (in the context of the modernisation and internationalisation strategies of the institutions involved):**

- To explore possibilities of joint research, project and knowledge exchange..
- To have cultural collaboration that can empower student in seemingly strategic ways to seeking global employment opportunities.

**Content of the teaching programme:**

Electromechanics / Electromechanical Engineer

**Digital Electronics.(FD31)**

- 2.1. Implementing logic functions using NAND gates
- 2.2. Implementation of logic functions using NOR gateways
- 2.3. Combination circuits of medium complexity (encoders, decoders, multiplexers, demultiplexers)
- 2.4. Realizing binary functions using multiplexing and demultiplexing.
- 3.1. Latch type structures (asynchronous SR, D asynchronous, synchronous SR, Dsynchronous)
- 3.2. Bistabile (RS, JK, D, T)

## 4. Registers and counting

- 4.1. Traffic registers: classification, operation, structure intern
- 4.2. Counting: classification, operation, internal structure
- 4.3. Realization of frequency dividers
- 4.4. applications

Or

**Electromagnetic Converter(FD38)**

- 4.The electrical transformer.
  - 4.1 Constitution. The principle of operation. The ideal transformer
  - 4.2 Equations of operation. Equivalent scheme
  - 4.3 External Features and Performance.
  - 4.4 Parallel operation of electric transformers.

- 6. Asynchronous three-phase machine.
  - 6.1 Construction. The operating principle. The engine, generator and brake
  - 6.2 The operating equations. Schematic equivalent scheme stationary.
  - 6.3 The electromagnetic torque. Mechanical feature
  - 6.4 Functional characteristics of the three-phase asynchronous motor.
  - 6.5 Starting the speed control and braking

**Expected outcomes and impact (e.g. on the professional development of the teaching staff member and on the competences of students at both institutions):**

- The participating faculty will be able to gain experience of modern teaching practices and deeper insights of the latest practices through an array of MoUs and scientific partnerships, conducting of workshops, seminars, share about ongoing joint projects underway, consultancy offered, and conferences. Further, the Government of India has brought in schemes to submit joint research and development projects in various areas of Engineering & Technology, such projects when fetched/approved give the institutions opportunities to design and develop new products and serve in frontier areas of science, technology, and markets.
- Delivering subjects with alternate perspectives (ways and model practices) make participants feel challenged, innovative & vibrant that can eventually lead to highly rewarding and mutually benefitting outcomes.
- Will lead to knowledge sharing & creation and dissemination in seemingly different ways. Participants will experience new concepts, thinking, learning, and meeting people that over time will evolve to contribute meaningfully towards social-economic and scientific developments – making the world a better place.

**II. COMMITMENT OF THE THREE PARTIES**

By signing<sup>9</sup> this document, the teaching staff member, the sending institution/enterprise and the receiving institution confirm that they approve the proposed mobility agreement.

The sending higher education institution supports the staff mobility as part of its modernisation and internationalisation strategy and will recognise it as a component in any evaluation or assessment of the teaching staff member.

The teaching staff member will share his/her experience, in particular its impact on his/her professional development and on the sending higher education institution, as a source of inspiration to others.

The teaching staff member and the sending institution commit to the requirements set out in the grant agreement signed between them.

The teaching staff member and the receiving institution will communicate to the sending institution/enterprise any problems or changes regarding the proposed mobility programme or mobility period.

<sup>1</sup> In case the mobility combines teaching and training activities, **this** template should be used and adjusted to fit both activity types.

<sup>2</sup>**Seniority:** Junior (approx. < 10 years of experience), Intermediate (approx. > 10 and < 20 years of experience) or Senior (approx. > 20 years of experience).

<sup>3</sup>**Nationality:** Country to which the person belongs administratively and that issues the ID card and/or passport.

<sup>4</sup>All references to "**enterprise**" are only applicable to mobility for staff between Programme Countries or within Capacity Building projects.

<sup>5</sup>**Erasmus Code:** A unique identifier that every higher education institution that has been awarded with the Erasmus Charter for Higher Education receives. It is only applicable to higher education institutions located in Programme Countries.

<sup>6</sup>**Country code:** ISO 3166-2 country codes available at: <https://www.iso.org/obp/ui/#search>.

<sup>7</sup>The top-level NACE sector codes are available at [http://ec.europa.eu/eurostat/ramon/nomenclatures/index.cfm?TargetUrl=LST\\_NOM\\_DTL&StrNom=NACE\\_R\\_EV2&StrLanguageCode=EN](http://ec.europa.eu/eurostat/ramon/nomenclatures/index.cfm?TargetUrl=LST_NOM_DTL&StrNom=NACE_R_EV2&StrLanguageCode=EN)

**Date: 12/01/2018**

Dear DR. Vaibhav Pravinchandra Mehta,  
Faculty of Science  
Marwadi University

We are delighted to inform you that your request for funding support to attend the conference “**Advances in Biology and Chemistry-2018**” has been approved. The conference will be held from February 01-03, 2018, and is fully funded by **Gujarat State Biotechnology Mission, Govt. of Gujarat**. We recognize the importance of supporting professionals in their professional development, and we are committed to investing in your growth and success.

We will provide you with full funding support for the conference, which will cover all expenses associated with your attendance, registration fees, and any other expenses you may incur.

We believe that your attendance at this conference will be an excellent opportunity for you to stay up to date with the latest research trends in biology and chemistry, network with leading experts in the field, and engage with other researchers who share your passion for this field. We are confident that your participation in this conference will contribute significantly to your ongoing research and professional development.

We encourage you to take advantage of all the opportunities that the conference has to offer, including attending seminars, workshops, and keynote presentations, as well as presenting your own research. We look forward to hearing about your experience at the conference and the knowledge and insights you gained.

Please do not hesitate to contact us if you require any assistance with travel arrangements or any other logistical matters related to your attendance at the conference.

We wish you all the best for a productive and successful experience at the conference.

Best regards,

**Date: 12/01/2018**

Dear Dr. Yashwantsinh Jadeja,  
Faculty of Science  
Marwadi University

We are delighted to inform you that your request for funding support to attend the conference “**Advances in Biology and Chemistry-2018**” has been approved. The conference will be held from February 01-03, 2018, and is fully funded by **Gujarat State Biotechnology Mission, Govt. of Gujarat**. We recognize the importance of supporting professionals in their professional development, and we are committed to investing in your growth and success.

We will provide you with full funding support for the conference, which will cover all expenses associated with your attendance, registration fees, and any other expenses you may incur.

We believe that your attendance at this conference will be an excellent opportunity for you to stay up to date with the latest research trends in biology and chemistry, network with leading experts in the field, and engage with other researchers who share your passion for this field. We are confident that your participation in this conference will contribute significantly to your ongoing research and professional development.

We encourage you to take advantage of all the opportunities that the conference has to offer, including attending seminars, workshops, and keynote presentations, as well as presenting your own research. We look forward to hearing about your experience at the conference and the knowledge and insights you gained.

Please do not hesitate to contact us if you require any assistance with travel arrangements or any other logistical matters related to your attendance at the conference.

We wish you all the best for a productive and successful experience at the conference.

Best regards,

Dr. Vicky Jain
