A Brief Report on Learning & Development Dept. at MU

Marwadi University is a learning organization and constant learning of all its stakeholder is an important value of the organization. In pursuance of this value independent Learning & Development Department is set up.

Faculty is an important element of the university which needs to be in a constant learning mode. Towards that end L & D has designed three layered faculty development workshops.

These workshops are focused on

Level 1- High Impact Teaching Skills

Level 2- Teaching as Reflective Practice

Level 3- Interactive Teaching Methodologies

Basic process

- All teaching faculty members who join Marwadi University (irrespective of their experience or qualification or prior training) need to go through 3 levels of training.
- All faculty members need to complete first level of training within a year of their joining at the University.
- Apart from other terms, completion of level 1 of faculty development program is mandatory for confirmation of services.
- Other two workshops, Level 2 and Level 3 need to be completed within two years of joining the University.
- L&D Department publishes the calendar of the workshops for every semester and individual faculty is responsible for completing the required faculty development workshop. Department heads/deans are ensures that their faculty members complete the Faculty Development Workshops.
- Certificate of completion of faculty development workshops is given to faculty member who attends all sessions of the workshops and complete anything other pre and post-workshop assignments.
