# Train the Trainers - Training Program Under Verve Systems

Under the MoU with Verve Systems, a training program named Train the Trainer was organized in December of 2018. This three day session was carried out from December 8, 2018 to December 10, 2018. The faculty members of FoCA underwent this training to expand their knowledge on topics like Swift, XCode, Syntax, understanding the three and much more. A detailed schedule of the training sessions was provided by Verve Systems which was abided down to the minute and is attached herewith.

The faculty members were able to get clarity on a number of topics covered in the training and were able to update their knowledge to suit the needs of the existing curriculum and market. The program ended with an assessment of the assignment given to these trainees and an evaluation of their performance to assist them in understanding where they stand and if/where they need further development.
